Bunny - Mona Awad

2019-06-11

"Jon Swift + Witches of Eastwick + Kelly 'Get In Trouble' Link + Mean Girls + Creative Writing Degree Hell! No punches pulled, no hilarities dodged, no meme unmangled! O Bunny you are sooo genius!" —Margaret Atwood, via Twitter "A wild,

audacious and ultimately unforgettable novel." —Michael Schaub, Los Angeles Times
"Awad is a stone-cold genius." —Ann Bauer, The Washington Post
The Vegetarian meets Heathers in this darkly funny, seductively strange novel from the acclaimed author of *13 Ways of Looking at a Fat Girl*
"We were just these innocent girls in the night trying to make something beautiful. We nearly died. We very nearly did, didn't we?" Samantha Heather Mackey couldn't be more of an outsider in her

small, highly selective MFA program at New England's Warren University. A scholarship student who prefers the company of her dark imagination to that of most people, she is utterly repelled by the rest of her fiction writing cohort--a clique of unbearably twee rich girls who call each other "Bunny," and seem to move and speak as one. But everything changes when Samantha receives an invitation to the Bunnies' fabled "Smut Salon," and finds herself inexplicably drawn to their front door--ditching her only friend, Ava, in the process. As Samantha plunges deeper and deeper into the Bunnies' sinister yet saccharine world, beginning to take part in the ritualistic off-campus "Workshop" where they conjure their monstrous creations, the edges of reality begin to blur. Soon, her friendships with Ava and the Bunnies will be brought into deadly collision. The spellbinding new novel from one of our most fearless chroniclers of the female experience, *Bunny* is a down-

the-rabbit-hole tale of loneliness and belonging, friendship and desire, and the fantastic and terrible power of the imagination. Named a Best Book of 2019 by TIME, Vogue, Electric Literature, and The New York Public Library [Warren's World](#) - Warren Miller 2002-05

Wine, Women, Warren, and Skis - Warren Miller
2011-06-10

In 1956 when the free program I published for the personal

appearance showings of my latest ski film needed some written copy, I wrote a story about living in the parking lot at Sun Valley, Idaho for eighteen cents a day during the winter of 1946/47. When the printer got finished setting the type, he had some extra room for another paragraph, so I wrote the following: "To reserve your copy of *Wine, Women, Warren & Skis* at the pre-publication discount price of \$2.00, mail me a penny postcard with your name and address and, when the book is published, I will mail your copy C.O.D." Six hundred and thirty two people mailed me two dollars! I thought I was rich! The following year, the title of the story in that year's ski film program was "GOOD GRIEF MORE EXCERPTS." That winter 1119 people mailed me their two dollars. During that time I was personally narrating the film in over a hundred different cities, traveling to all of the ski resorts to get the footage for the following winter, editing the film, putting together the

musical score, soliciting ski club bookings, writing the script, and sleeping on Greyhound busses more nights than I care to remember. In the spring, when the book had not been written and mailed out, irate customers started to ask for their two dollars back. I had already spent all of their money for film and travel, so late in the summer I sat down at a manual typewriter and without spell check or anyone to correct the punctuation, dangling participles, or politically incorrect statements, I typed, cut, and pasted the book together and then timed the self-publication release date so it would be delivered one week before the first showing of the 1958 film. I knew I could sell the book personally from the theater stage for \$2.00 and make a dollar a book profit. I paid the printer on time, and it is now forty-six years and five more books later. So join me back in the Sun Valley parking lot one year before I bought a riverfront lot in nearby Ketchum for \$350.00, and

pardon any politically incorrect foibles, grammar or punctuation mistakes that are causing my 9th grade English teacher to rollover in her grave.

I Have Iraq in My Shoe - Gretchen Berg 2012-05-01
"I am not moving to Iraq to teach." How does a liberal American girl in red suede boots end up teaching English to conservative Muslim Iraqis in headscarves? Gretchen Berg has met the recession: she has eaten cereal for dinner, given up the gym membership, and come face to face with looming unemployment. To cope, she decided to uproot her life and move to the Middle East. She expected to make some good money, pay off some bad debt, and take some photos of

camels. She did not expect to feel at home. She did not expect to fall for a student. She did not expect Diet Coke withdrawal. Irreverent, hilarious, and completely relevant, *I Have Iraq in My Shoe* takes a single, broke, fashion-conscious American female who prefers Project Runaway to CNN and tosses her into Iraq in exchange for cash and vacation time. The Complete Guide to Stock Market Investing for

Teens - Warren Miller

2021-05-18

Did you know that you can become a millionaire just by investing the money you make from babysitting the neighbor's child two night per week? If you are curious and you want to find out how to do it, then keep on reading... Most people see the stock market as a "dangerous" place to win or lose fortunes - and they pass this terrifying view to their children as well. Well, you know what? The risk-reward ratio is very high for stocks - no doubt about it, but so is the

reward and potential growth. If you learn what you're doing, there's no better time to start to invest than when you're young. The reason is simple: money has time on its side. If you start investing and trading as a teenager, you will have more than half a century to recoup your investments and profits. The longer the period in which your money is compounded, the greater growth potential! In other words, if you're 30 years old and invest \$1,000 today, the amount might not reach \$1 million until your 70s - but if you started investing as a teenager, then it could double and become \$2 million by age 50! This guide will help you understand how the stock market works, where you can invest your money, and show you where to find investment opportunities, with many valuable tips for building a solid investment portfolio. But also how to set aside and grow your money to achieve all of your goals, whether it's buying a video game or a PlayStation or saving money for college. In

Last Call - Daniel Okrent
2010-05-11

A brilliant, authoritative, and fascinating history of America's most puzzling era, the years 1920 to 1933, when the U.S. Constitution was amended to restrict one of America's favorite pastimes: drinking alcoholic beverages. From its start, America has been awash in drink. The sailing vessel that brought John Winthrop to the shores of the New World in

1630 carried more beer than water. By the 1820s, liquor flowed so plentifully it was cheaper than tea. That Americans would ever agree to relinquish their booze was as improbable as it was astonishing. Yet we did, and Last Call is Daniel Okrent's dazzling explanation of why we did it, what life under Prohibition was like, and how such an unprecedented degree of government interference in the private lives of Americans changed the country forever. Writing with both wit and historical acuity, Okrent reveals how Prohibition marked a confluence of diverse forces: the growing political power of the women's suffrage movement, which allied itself with the antiliquor campaign; the fear of small-town, native-stock Protestants that they were losing control of their country to the immigrants of the large cities; the anti-German sentiment stoked by World War I; and a variety of other unlikely factors, ranging from the rise of the automobile to the advent of the income tax.

Through it all, Americans kept drinking, going to remarkably creative lengths to smuggle, sell, conceal, and convivially (and sometimes fatally) imbibe their favorite intoxicants. Last Call is peopled with vivid characters of an astonishing variety: Susan B. Anthony and Billy Sunday, William Jennings Bryan and bootlegger Sam Bronfman, Pierre S. du Pont and H. L. Mencken, Meyer Lansky and the incredible—if long-forgotten—federal official Mabel Walker Willebrandt, who throughout the twenties was the most powerful woman in the country. (Perhaps most surprising of all is Okrent's account of Joseph P. Kennedy's legendary, and long-misunderstood, role in the liquor business.) It's a book rich with stories from nearly all parts of the country. Okrent's narrative runs through smoky Manhattan speakeasies, where relations between the sexes were changed forever; California vineyards busily producing "sacramental" wine; New England fishing communities that gave up

fishing for the more lucrative rum-running business; and in Washington, the halls of Congress itself, where politicians who had voted for Prohibition drank openly and without apology. Last Call is capacious, meticulous, and thrillingly told. It stands as the most complete history of Prohibition ever written and confirms Daniel Okrent's rank as a major American writer. *Snow Country* - 1991-11

and infatuated about 30 million Americans and Canadians over the course of the last fifty years. Consummate insider John Fry chronicles the rise of a ski culture and every aspect of the sport's development, including the emergence of the mega-resort and advances in equipment, technique, instruction, and competition. The Story of Modern Skiing is laced with revelations from the author's personal relationships with skiing greats such as triple Olympic gold medalists Toni Sailer and Jean-Claude Killy, double gold medalist and environmental champion Andrea Mead Lawrence, first women's World Cup winner Nancy Greene, World Alpine champion Billy Kidd, Sarajevo gold and silver medalists Phil and Steve Mahre, and industry pioneers such as Vail founder Pete Seibert, metal ski designer Howard Head, and plastic boot inventor Bob Lange. Fry writes authoritatively of alpine skiing in North America and Europe, of Nordic skiing, and of newer variations in the sport:

freestyle skiing, snowboarding, and extreme skiing. He looks closely at skiing's relationship to the environment, its portrayal in the media, and its response to social and economic change. Maps locating major resorts, records of ski champions, and a timeline, bibliography, glossary, and index of names and places make this the definitive work on modern skiing. Skiers of all ages and abilities will revel in this lively tale of their sport's heritage.

Valley. A \$1.5 million investment opened Sun Valley in December 1936 with a lavish lodge, luxury shopping, Austrian ski instructors and extensive backcountry skiing. Prestigious tournaments featured the world's best skiers. Chairlifts invented by Union Pacific engineers serviced skiers quickly and comfortably. Ski instructor and filmmaker Otto Lang recalled that seemingly overnight, it became "a magnet for the 'beautiful people,' a meeting place for movie stars and moguls, chairmen and captains of industry, Greek shipping tycoons, and peripatetic playboys--and playgirls--of the international social set." After World War II and Harriman's departure, Union Pacific's willingness to pay the \$500,000 yearly subsidy waned. Bill Janss purchased it in 1964 and reimagined it as a year-round resort but lacked the capital for growth. Sinclair Oil owners Earl and Carol Holding acquired it in 1977, revitalizing it into a premier resort with international status. Award-

winning ski historian John W. Lundin celebrates America's first destination ski resort using unpublished Union Pacific documents, oral histories, contemporaneous accounts and more than 150 historic images.

Outcasts United - Warren St. John 2013-09-10

A moving account of how a soccer team made up of diverse refugees inspired an entire community here in the United States. Based on the adult bestseller, *Outcasts United: An American Town, a Refugee Team, and One Woman's Quest to Make a Difference*, this young people's edition is a complex and inspirational story about the Fugees, a youth soccer team made up of diverse refugees from around the world, and their formidable female coach, Luma Mufleh. Luma Mufleh, a young Jordanian woman educated in the United States and working as a coach for private youth soccer teams in Atlanta, was out for a drive one day and ended up in Clarkston, Georgia, where she was

amazed and delighted to see young boys, black and brown and white, some barefoot, playing soccer on every flat surface they could find. Luma decided to quit her job, move to Clarkston, and start a soccer team that would soon defy the odds. Despite challenges to locate a practice field, minimal funding for uniforms and equipment, and zero fans on the sidelines, the Fugees practiced hard and demonstrated a team spirit that drew admiration from referees and competitors alike. Outcasts United explores how the community changed with the influx of refugees and how the dedication of Lumah Mufleh and the entire Fugees soccer team inspired an entire community. Ski Inc. 2020 - Chris Diamond 2019-10-29
"The ski world has been turned upside down." Chris Diamond's first book, *Ski Inc.*, had just hit bookshelves in December 2016 when shock waves reverberated through the ski resort landscape. In early 2017, the Alterra Mountain Company emerged to challenge Vail Resorts' supremacy, eventually buying 15 resorts, partnering with another 25-plus, and launching the Ikon Pass to compete with the Epic Pass. The story behind Alterra's rise is remarkable, as is Vail Resorts' counter-

offensive in the form of its own buying spree, which most recently included the acquisition of the 17 ski areas of Peak Resorts. Through countless interviews, hundreds of sources, and deep firsthand experience, Diamond dissects this unprecedented upheaval, in which the business has been radically, disruptively, and yet positively transformed. "Ski Inc. 2020 accomplished in a matter of hours what I'd failed to do on my own in a decade: make sense of present-day resort headlines in the context of how we got here in the first place," says Gregg Blanchard, the senior vice president of Strategy for Inntopia. When Diamond started this Ski Inc. 2020 sequel, he thought it would be primarily the story of how these "Big Two" resort companies suddenly came to control more than half of the U.S. ski resort business through their mega-passes, and what it means for skiers and snowboarders. But as he dug deeper, he discovered dynamic trajectories among the next three largest ski conglomerates

(Boyne Resorts, POWDR and Peak Resorts, now part of Vail), plus ingenuity and innovation at a host of small- and medium-sized resorts, dozens of which are chronicled in the book. Besides the widespread success of value season passes, which trade early commitment for dramatically reduced pricing, resorts large and small have polished their operations. The success starts with passionate leadership and extends to every line item. Resorts now avoid risky real-estate projects; vigorously market to and build relationships with digitally savvy customers; sharpen margins across all departments; and improve the product in every way. For an industry that historically suffered through peaks and valleys with the weather and economy, the result today is an impressive bottom-line consistency that has drawn investor interest worldwide. There are daunting hurdles ahead, with climate change and sluggish participation trends at the top of the disrupter list, but

the future is arguably brighter than ever. With season passes at circa-1970s prices, while providing access to dozens of resorts rather than just one, there's never been a better time to be a skier or snowboarder. This book is an eye-opener, a deep, colorful dive beneath the headlines, for any skier or rider who wants to understand today's landscape. And it's a must-read for anyone who works--or wants to work--in the ski industry. "Chris

Diamond takes the reader to a higher level of understanding on the state of the ski-resort industry than anyone has ever done," says Michael Berry, who served as the president of the National Ski Areas Association for 25 years. "Key executives opened up to Chris in a way that is unique to this book; their candor and Chris's astute observations combine to make a compelling read. If you love winter, love mountains, and love to slide on snow, this book is a must-read."
