[Moon Manual](#) - David M Harland 2016-04-15

There is renewed interest in the Moon in recent years, with the news that a Chinese lunar rover landed on the Moon in January 2014, and NASA announcing that it is looking for private partners to land a robot on the Moon's surface, as the first step in a programme to exploit the commercial opportunities offered by the Moon. Recent lunar expeditions by both orbiting spacecraft and 'landers' have uncovered far more detail about the Moon's surface and geology, including the trail of Neil Armstrong's first walk on the Moon in 1969. This manual explains in simple and straightforward terms, with a wealth of illustrations and photographs, what we have discovered about the Moon over the centuries, along with a general overview of the vehicles involved in the exploration.

Kawasaki Z1, Z/KZ900 & Z/KZ1000 - Chris Rooke 2018-09-18

Kawasaki Z1, Z/KZ900 & Z/KZ1000 is for all owners and enthusiasts of the legendary Kawasaki Z1 900, Z/KZ900 and Z1000 built between 1972 and 1980. The book covers the complete restoration of a 1976 KZ900, from the sourcing of the bike to its completion as a fully restored machine. Every area is covered starting with advice on the different models, spares availability, and where best to source a bike to

restore. Every area of the restoration is then covered in full detail including the engine, frame, gearbox, wheels, suspension and forks, brakes, ancillaries, bodywork and electrics, accompanied by hundreds of clear color photos to illustrate the text. Additional work on a 1974 Z1A model adds complementary information. What really sets this manual apart, however, is the style in which it is written: not as some dull and distant workshop manual but in a friendly, humorous manner by an enthusiast of many years who is able to involve and entertain the reader, as well as guiding them through the restoration process. This is the third restoration guide from Chris Rooke, whose previous works have been a massive hit with mechanics, enthusiasts and restorers throughout the world.
