An African Elegy - Ben Okri 2015-04-30

Dreams are the currency of Okri's writing, particularly in this first book of poems, *An African Elegy*, but also in his books of short stories and prize-winning novel *The Famished Road*. Okri's dreams are made on the stuff of Africa's colossal economic and political problems, and reading the poems is to experience a constant succession of metaphors of resolution in both senses of the word. Virtually every poem contains an

exhortation to climb out of the African miasma, and virtually every poem harvests the dream of itself with an upbeat restorative ending' - Giles Foden, *Times Literary Supplement*

Avenues of Translation - Regina Galasso 2019-04-15

Winner of the 2020 SAML A Studies Book Award — Edited Collection
Cities both near and far communicate in a variety of ways. Travel between, through, and among urban centers initiates contact, and cities themselves are sites of ever-changing cultural and historical encounters. Predictable and surprising challenges and opportunities arise when city borders are crossed, voices meet, and artistic traditions find their counterparts. Using the Latin word for “translation,” *translatio*, or “to carry across,” as a point of departure, *Avenues of Translation* explores how translation perpetuates, diversifies, deepens, and expands the literary production of cities in their greater cultural context, and how translation shapes an understanding of and access to a city's past and present literary and cultural practices. Thinking about translation and the city is a way to tell the backstories of the cities, texts, and authors that are united by acts of translation. Published by Bucknell University Press. Distributed worldwide by Rutgers University Press.

Syncretic Arenas - Isidore Diala 2014-11-15

This collection in part examines the legacy of the consummate Nigerian stage artist and scholar, Esiaba Irobi (1960–2010). Poems, tributes, and studies celebrate Irobi's significance as actor, playwright, director, poet, and theatre theorist. Irobi's life, temper, times, and career are inextricably linked to the history, development, concerns, and uses of drama and theatre in Africa. The contributions highlight the evolution of autochthonous theatrical practices: the interaction between Western and indigenous African performance traditions; colonial/postcolonial government policies and the mutations of drama and theatre (and critical commentary); the tensions inherent in postcolonial conceptions of history, identity, nationhood, and articulations of alternative aesthetics, pedagogies, and epistemologies for postcolonial African theatre; staging African plays in the West; and the constituencies of the contemporary African playwright and director. The strength of these studies derives primarily from nuanced examinations of the concerns and careers of particular African playwrights; the history, offerings, and fortunes of particular theatrical arenas, and close explorations of specific performances and texts. The foregrounding of correspondences in the dramaturgies and intellectual ferment of the continent critically accentuates equally privileged regional, historical, and other crucial specificities. Situated in time and place while underscoring the political and intellectual intersections of a shared history of colonialism, the contributions to *Syncretic Arenas*, individually and collectively, reveal the transformations and growing strengths of postcolonialism as an analytical strategy. Isidore Diala is Professor of African literature in the Department of English and Literary Studies at Abia State University, Uturu, and author of *Esiaba Irobi's Drama and the Postcolony: Theory and Practice of Postcolonial Performance* (2013).

Born a Crime - Trevor Noah 2016-11-15

#1 NEW YORK TIMES BESTSELLER • More than one million copies sold! A “brilliant” (Lupita Nyong’o, *Time*), “poignant” (*Entertainment Weekly*), “soul-nourishing” (*USA Today*) memoir about coming of age during the twilight of apartheid “Noah’s childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa’s history that must never be forgotten.”—*Esquire* Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by *The New York Times*, *USA Today*, *San Francisco Chronicle*, *NPR*, *Esquire*, *Newsday*, and *Booklist* Trevor Noah’s unlikely path from apartheid South Africa to the desk of *The Daily Show* began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents’ indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa’s tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. *Born a Crime* is the story

of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where he was never supposed to exist. It is also the story of that young man's relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother's unconventional, unconditional love.

And Still I Rise - Maya Angelou 2011-08-17

Maya Angelou's unforgettable collection of poetry lends its name to the documentary film about her life, *And Still I Rise*, as seen on PBS's *American Masters*. Pretty women wonder where my secret lies. I'm not cute or built to suit a fashion model's size But when I start to tell them, They think I'm telling lies. I say, It's in the reach of my arms, The span of my hips, The stride of my step, The curl of my lips. I'm a woman Phenomenally. Phenomenal woman, That's me. Thus begins "Phenomenal Woman," just one of the beloved poems collected here in Maya Angelou's third book of verse. These poems are powerful, distinctive, and fresh—and, as always, full of the lifting rhythms of love and remembering. *And Still I Rise* is written from the heart, a celebration of life as only Maya Angelou has discovered it. "It is true poetry she is writing," M.F.K. Fisher has observed, "not just rhythm, the beat, rhymes. I find it very moving and at times beautiful. It has an innate purity about it, unquenchable dignity. . . . It is astounding, flabbergasting, to recognize it, in all the words I read every day and night . . . it gives me heart, to hear so clearly the caged bird singing and to understand her notes."

Wanderwords - Maria Lauret 2014-09-25

How do (im)migrant writers negotiate their representation of a multilingual world for a monolingual audience? Does their English betray the presence of another language, is that other language erased, or does it appear here and there, on special occasions for special reasons? Do words and meanings wander from one language and one self to another? Do the psychic and cultural worlds of different languages split apart or merge? What is the aesthetic effect of such wandering, splitting, or merging? Usually described as "code-switches" by linguists, fragments of other languages have wandered into American literature in English from the beginning. *Wanderwords* asks what, in the memoirs, poems, essays, and fiction of a variety of twentieth and twenty first century writers, the function and meaning of such language migration might be. It shows what there is to be gained if we learn to read migrant writing with an eye, and an ear, for linguistic difference and it concludes that, freighted with the other-cultural meanings wrapped up in their different looks and sounds, wanderwords can perform wonders of poetic signification as well as cultural critique. Bringing together literary and cultural theory with linguistics as well as the theory and history of migration, and with psychoanalysis for its understanding of the multilingual unconscious, *Wanderwords* engages closely with the work of well-known and unheard-of writers such as Mary Antin and Eva Hoffman, Richard Rodriguez and Junot Díaz, Theresa Hak Kyung Cha and Bharati Mukherjee, Edward Bok and Truus van Bruinessen, Susana Chávez-Silverman and Gustavo Perez-Firmat, Pietro DiDonato and Don DeLillo. In so doing, a poetics of multilingualism unfolds that stretches well beyond translation into the lingual contact zone of English-with-other-languages that is American literature, belatedly re-connecting with the world.

Britain and the Narration of Travel in the Nineteenth Century - Kate Hill 2017-05-15

Interrogating the multiple ways in which travel was narrated and mediated, by and in response to, nineteenth-century British travelers, this interdisciplinary collection examines to what extent these accounts drew on and developed existing tropes of travel. The three sections take up personal and intimate narratives that were not necessarily designed for public consumption, tales intended for a popular audience, and accounts that were more clearly linked with discourses and institutions of power, such as imperial processes of conquest and governance. Some narratives focus on the things the travelers carried, such as souvenirs from the battlefields of Britain's imperial wars, while others show the complexity of Victorian dreams of the exotic. Still others offer a disapproving glimpse of Victorian mores through the eyes of indigenous peoples in contrast to the imperialist vision of British explorers. Swiss hotel registers, guest books, and guidebooks offer insights into the history of tourism, while new photographic technologies, the development of the telegraph system, and train travel transformed the visual, aural, and even the conjugal experience of travel. The contributors attend to issues of gender and ethnicity in essays on women travelers, South African travel narratives, and accounts of China during the Opium Wars, and analyze the influence of fictional travel narratives. Taken together, these essays show how these multiple narratives circulated, cross-fertilised, and reacted to one another to produce new narratives, new objects, and new modes of travel.

Artefacts of Writing - Peter D. McDonald 2017-10-11

Some forms of literature interfere with the workings of the literate brain, posing a challenge to readers of all kinds, including professional literary critics. In *Artefacts of Writing*, Peter D. McDonald argues they pose as much of a challenge to the way states conceptualise language, culture, and community. Drawing on a wealth of evidence, from Victorian scholarly disputes over the identity of the English language to the constitutional debates about its future in Ireland, India, and South Africa, and from the quarrels over the idea of culture within the League of Nations in the interwar years to UNESCO's ongoing struggle to articulate a viable concept of diversity, McDonald brings together a large ensemble of legacy writers, including T.S. Eliot, James Joyce, and Rabindranath Tagore, putting them in dialogue with each other and with the policy-makers who shaped the formation of modern states and the history of internationalist thought from the 1860s to the 1940s. In the second part of the book, he reflects on the continuing evolution of these dialogues, showing how a varied array of more contemporary writers from Amit Chaudhuri, J. M. Coetzee, and Salman Rushdie to Antjie Krog, Arvind Krishna Mehrotra, and Es'kia Mphahlele cast new light on a range of questions concerning education, literacy, human rights, translation, indigenous knowledge, and cultural diversity that have preoccupied UNESCO since 1945. At once a novel contribution to institutional and intellectual history and an innovative exercise in literary and philosophical analysis, *Artefacts of Writing* affords a unique perspective on literature's place at the centre of some of the most fraught, often lethal public controversies that defined the long-twentieth century and that continue to haunt us today

Handbook of Research on Teaching in Multicultural and Multilingual Contexts - Charamba, Erasmus 2022-06-24

Several factors have resulted in increased intra- and inter-state migration. This has led to an increase in the enrollment of students with diverse linguistics backgrounds, placing more academic demands on educators. Linguistic diversity presents both opportunities and challenges for educators across the educational spectrum. Language ideologies profoundly shape and constrain the use of language as a resource for learning in multilingual or linguistically diverse classrooms. While English has become the world language, most communities remain, and are becoming more and more multicultural, multilingual, and diverse. The *Handbook of Research on Teaching in Multicultural and Multilingual Contexts* moves beyond the constraints of current language ideologies and enables the use of a wide range of resources from local semiotic repertoires. It examines the phenomenon of language use, language teaching, multiculturalism, and multilingualism in different learning areas, giving practitioners a voice to spotlight their efforts in order to keep their teaching afloat in culturally and linguistically diverse situations. Covering topics such as Indigenous languages, multilingual deaf communities, and intercultural competence, this major reference work is an essential resource for educators of both K-12 and higher education, pre-service teachers, educational psychologists, linguists, education administrators and policymakers, government officials, researchers, and academicians.

POET-SAINTS OF MAHARASHTRA: SELECTED POEMS Translations & Introductions Paul Smith From the 13th to the 17th century the state of Maharashtra in India gave birth to a number of great Poet-Saints whose lives and poetry is loved today as much as it was when they lived their lives of selfless devotion and praise of the Divine Beloved. They composed their poems in slokas and abhangs that are here in the correct form and meaning, with biographies and bibliographies. Janabai (1263-1350) was born to a couple from the lowest caste. She worked as a

maidservant for the father of the Poet-Saint Namdev who she cared for throughout her life. Her poetry is replete with her love for God. Namdev (1270-1350) was born in Narasi-Bamani. Soon his family moved to Pandharpur where the temple of Lord Vithoba (Krishna as a boy) is located. He spent most his life there. He composed 2500 abhangs in Marathi. Dnyaneshwar (1275-1296) emerged as one the first original Poet-Saints to write in Marathi. He liberated 'divine knowledge' locked in Sanskrit to bring it into Marathi. At the age of 21 he entered into Sanjeevan Samadhi at Alandi. Mukta Bai (b.1279) was the younger sister of Dnyaneshwar but is a profound Poet-Saint in her own right. She wrote forty-one abhangs. Eknath (1533-1599) was a saint, scholar and poet. He is seen as a bridge between Dnyaneshwar and Namdev and Tukaram and Ramdas. Tukaram (1608-1654) was a prominent Poet-Saint during the Bhakti movement in India and is still greatly loved. Ramdas (1627-1682) was a Marathi Poet-Saint and a devotee of Lord Rama. Bahina Bai (1628-1700) was a disciple of Tukaram. Apart from her unique autobiography in verse she composed abhangs that deal with various subjects. Pages 198. COMMENTS ON PAUL SMITH'S TRANSLATION OF HAFIZ'S 'DIVAN'. "It is not a joke... the English version of ALL the ghazals of Hafiz is a great feat and of paramount importance. I am astonished. " Dr. Mir Mohammad Taghavi (Dr. of Literature) Tehran. "Superb translations. 99% Hafiz 1% Paul Smith." Ali Akbar Shapurzman, translator from English into Persian, knower of Hafiz's Divan off by heart. Paul Smith is a poet, author and translator of over 130 books of Sufi poets of the Persian, Arabic, Urdu, Turkish, Pashtu and other languages... including Hafiz, Sadi, Nizami, Rumi, 'Attar, Sana'i, Jahan Khatun, Obeyd Zakani, Mu'in, Amir Khusrau, Nesimi, Kabir, Anvari, Ansari, Jami, Omar Khayyam, Rudaki, Yunus Emre, Mahsati, Lalla Ded, Bulleh Shah, Ghalib, Iqbal and many others, as well as his own poetry, fiction, plays, biographies, children's books and a dozen screenplays. German as Contact Zone - Russell West-Pavlov 2019-09-09

This book suggests that linguistic translation is one minute province of an immense process of creative activity that constitutes the world as an ongoing dynamism of unceasing transformation. Building upon the

speculative quantum gravity theory, which provides a narrative of the push-pull dynamics of transformative translation from the very smallest scales of reality to the very greatest, this book argues that the so-called translative turn of the 1990s was correct in positing translation as a paradigmatic concept of transformation. More radically, the book stages a provocative provincialization of linguistic translation, so that literary translation in particular is shown to display a remarkable awareness of its own participation in a larger creative contact zone. As a result, the German language, literary translations in and out of German, and the German-language classroom, can be understood respectively as quantum contact zones. Russell West-Pavlov is Professor of Anglophone Literatures at the University of Tübingen and Research Associate at the University of Pretoria.

I Know Why the Caged Bird Sings - Maya Angelou 2010-07-21

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. "*I Know Why the Caged Bird Sings* liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin From the Paperback edition.

Dancing with Hyenas - Mzi Mahola 2021-10-04

Dancing with Hyenas is a tour-de-force that blends excellent prose with

fact-driven stories to give a fresh perspective of the black struggle against the oppressive conditions of apartheid South Africa. The reader is taken 'behind the scenes' to conversations and strategy sessions in which successive generations of black youths are conscientized about the ideals of the liberation struggle. In the book, author Mzi Mahola tells the stories in evocative, authentic, and thought-provoking narrative.

Elsewhere he recounts the deep soul-searching exchanges among the black youth about the goals and efficacy of the Black Consciousness Movement in advancing cause of black liberation. His accounts are remarkably accurate, especially given the fifteen-year range over which the book is written. What is most refreshing about *Dancing with Hyenas* is the emic perspective it takes since most of the books on the topic are written by outside observers. This is a one-of-a-kind book- amust-read for any interested in learning from indigenous blacks how they were able to make meaning of the lives while confronted by vagaries and vicissitudes of that vicious system, which was finally brought down in the early 1990s. Mzamo P Mangaliso Profesor, Isenberg School of Management University of Massachusetts - Amherst MA *Dancing with Hyenas* is a bout rites of passage of a young man hurled into maturity in a troubled land. Mzikayise Mahola conveys the story choosing words with the precision and dexterity of a poet, recalling events and painting them with the skill reserved for great story tellers. The book enthralls as it enables the reader to journey with Lizo through the labyrinth of dark paths in a perilous South Africa. We do not know how he will, survive the wrath of the system whose vultures always hover with devilish zeal and sickening patience. Lizo thrives in a world that betrays talented and ambitious youth. Mahola lucidly captures the snippets of history, sharing hopes and shattered dreams in the trapping of the old South Africa. Indeed, this book is a piece of history that exemplifies how many young people experienced the rough ride into brittle futures. Vuysile T. The Strategic Repositioning of Arts, Culture and Heritage in the 21st Century - George Mugovhani 2018-06-11

The post-millennium world has been experiencing several recognisable historical milestones with regard to arts, culture and heritage. One of these has been the resuscitation and revival of creative elements of the arts, culture and heritage of previously marginalised or disadvantaged communities around the world. Until recently, there had been scant regard and skewed allocation of resources for these, but lately attempts have been made to promote and sustain them in order to enable the socio-economic aspirations of a multicultural society. The contributions brought together here are the product of papers that were presented during a conference on "Strategic Repositioning of Arts, Culture and Heritage in the 21st Century". They cover a broad spectrum of subjects such as indigeneity, music, song and identity, politics, national reconciliation, education, product development, and national development.

The First Poems in English - Michael Alexander 2008-05-29

This selection of the earliest poems in English comprises works from an age in which verse was not written down, but recited aloud and remembered. Heroic poems celebrate courage, loyalty and strength, in excerpts from *Beowulf* and in *The Battle of Brunanburgh*, depicting King Athelstan's defeat of his northern enemies in 937 AD, while *The Wanderer* and *The Seafarer* reflect on exile, loss and destiny. The Gnostic Verses are proverbs on the natural order of life, and the Exeter Riddles are witty linguistic puzzles. Love elegies include emotional speeches from an abandoned wife and separated lovers, and devotional poems include a vision of Christ's cross in *The Dream of the Rood*, and *Caedmon's Hymn*, perhaps the oldest poem in English, speaking in praise

of God.

Go de Rass to Sleep - Adam Mansbach 2014-05-19

Named one of the 20 Greatest New Father's Day Gifts by Advocate.com! "No matter what the country or the language, parents all over the world--loving, frustrated, exhausted parents--know what Adam Mansbach means. Since 2011, his comically obscene picture book has sold more than 1.5 million copies in dozens of languages from Afrikaans to Japanese to Nynorsk. And later this year, his little book will venture into new territory with a Jamaican patois translation: 'Go de R-s to Sleep.'" --The Washington Post/Style Blog "This version of Adam Mansbach's profane, affectionate, and radically honest book will remind whole new audiences about the absurdities of parenting. Just don't read it to the kids." --Advocate.com, The 20 Greatest New Father's Day Gifts Praise for *Go the Fuck to Sleep*: "A new Bible for weary parents." --New York Times "Incredibly appealing." --NPR "A parenting zeitgeist...A phenomenon that has stunned the publishing world and may just redefine the modern 'parenting' market." --Washington Post "Delightfully obscene." --Newsweek "Nothing has driven home a certain truth about my generation, which is approaching the apex of its childbearing years, quite like this deranged book." --New Yorker The best-selling *Go the F*** to Sleep* has been translated into over thirty languages worldwide. Now it is finally translated for Jamaican and other Caribbean parents of the world. Given how many West Indians live in the US and Canada, the market for this book should be broad, but focused mainly on areas with a large Caribbean community. *Go de Rass to Sleep* is a bedtime book for parents who live in the real world, where a few snoozing kitties and cutesy rhymes don't always send a toddler sailing blissfully off to dreamland. Profane, affectionate, and radically honest, California Book Award-winning author Adam Mansbach's verses perfectly capture the familiar--and unspoken--tribulations of putting your little angel down for the night. In the process, they open up a conversation about parenting, granting us permission to admit our frustrations, and laugh at their absurdity. With illustrations by Ricardo Cortés, *Go de Rass to Sleep* is beautiful, subversive, and pants-wettingly funny--a book for parents new,

old, and expectant. You probably should not read it to your children.

An Introduction to Language and Linguistics - Ralph Fasold

2006-03-06

This accessible textbook is the only introduction to linguistics in which each chapter is written by an expert who teaches courses on that topic, ensuring balanced and uniformly excellent coverage of the full range of modern linguistics. Assuming no prior knowledge the text offers a clear introduction to the traditional topics of structural linguistics (theories of sound, form, meaning, and language change), and in addition provides full coverage of contextual linguistics, including separate chapters on discourse, dialect variation, language and culture, and the politics of

language. There are also up-to-date separate chapters on language and the brain, computational linguistics, writing, child language acquisition, and second-language learning. The breadth of the textbook makes it ideal for introductory courses on language and linguistics offered by departments of English, sociology, anthropology, and communications, as well as by linguistics departments.
