What interest can they possibly hold for their killers: six former SS men dispatched from South America by the most

wanted Nazi still alive, the notorious “Angel of Death”? One man alone must answer these questions and stop the killings—Lieberman, himself aging and thought by some to be losing his grip on reality. At the heart of *The Boys from Brazil* lies a frightening contemporary nightmare, chilling and all too possible.

Betrays - Charles Palliser 2015-04-14

'Rewarding, inventive and enjoyably perplexing' Sunday Times A colleague writes an obituary for a fellow scientist and Nobel Prize winner, somewhat relishing his death; a train in the Scottish Highlands takes the wrong track during a snowstorm, resulting in a death, possibly murder; a publisher's reader reports on a hospital romance novel that bizarrely ends with a gory, Ripper-style murder. Ten apparently separate stories are ingeniously drawn together to form variations on a single theme - obsession with the success of a rival and the plotting of his death. But obsession is an unstable motive for murder, and the game of revenge can turn very sour . . . *Betrays* is an ingenious, mesmerising puzzle, intricately pieced together by a master of the art.

The 12.30 from Croydon - Freeman Wills Crofts
2017-02-07

Mystery crime fiction written in the Golden Age of Murder "The degree of suspense Crofts achieves by showing the growing obsession and planning is worthy of Hitchcock." —Booklist STARRED review We begin with a body. Andrew Crowther, a wealthy retired manufacturer, is found dead in his seat on the 12.30 flight from Croydon to Paris. Rather less orthodox is the ensuing flashback in which we live with the killer at every stage, from the first thoughts of murder to the strains and stresses of living with its execution. Seen from the criminal's perspective, a mild-mannered Inspector by the name of French is simply another character who needs to be dealt with. This is an unconventional yet gripping story of intrigue, betrayal, obsession, justification and self-delusion. And

will the killer get away with it?

Owls Do Cry - Janet Frame 2016-11-21

First published in New Zealand in 1957, *Owls Do Cry*, was Janet Frame's second book and the first of her thirteen novels. Now approaching its 60th anniversary, it is securely a landmark in Frame's catalog and indeed a landmark of modernist literature. The novel spans twenty years in the Withers family, tracing Daphne's coming of age into a post-war New Zealand too narrow to know what to make of her. She is deemed mad, institutionalized, and made to undergo a risky lobotomy. Margaret Drabble calls *Owls Do Cry* "a song of survival"—it is Daphne's song of

survival but also the author's: Frame was herself misdiagnosed with schizophrenia and scheduled for brain surgery. She was famously saved only when she won New Zealand's premier fiction prize. Frame was among the first major writers of the twentieth century to confront life in mental institutions and *Owls Do Cry* is important for this perspective. But it is equally valuable for its poetry, its incisive satire, and its acute social observations. A sensitively rendered portrait of childhood and adolescence and a testament to the power of imagination, this early novel is a first-rate example of Frame's powerful, lyric, and original prose.

Before She Knew Him - Peter Swanson

2019-03-05

Catching a killer is dangerous—especially if he lives next door From the hugely talented author of *The Kind Worth Killing* comes an exquisitely chilling tale of a young suburban wife with a history of psychological instability whose fears about her new neighbor could lead them both to murder . . . Hen and her husband Lloyd have settled into a quiet life in a new house outside of Boston, Massachusetts. Hen (short for Henrietta) is an illustrator and works out of a studio nearby, and has found the right meds to control her bipolar disorder. Finally, she's found some stability and peace. But when they meet the neighbors next door, that calm begins to erode as she spots a familiar object displayed on

the husband's office shelf. The sports trophy looks exactly like one that went missing from the home of a young man who was killed two years ago. Hen knows because she's long had a fascination with this unsolved murder—an obsession she doesn't talk about anymore, but can't fully shake either. Could her neighbor, Matthew, be a killer? Or is this the beginning of another psychotic episode like the one she suffered back in college, when she became so consumed with proving a fellow student guilty that she ended up hurting a classmate? The more Hen observes Matthew, the more she suspects he's planning something truly terrifying. Yet no one will believe her. Then one night, when she comes face to face with Matthew in a dark parking lot, she realizes that he knows she's been watching him, that she's really on to him. And that this is the beginning of a horrifying nightmare she may not live to escape. . .

This Perfect Day - Ira Levin 2010-11-15

By the author of *Rosemary's Baby*, a horrifying journey into a future only Ira Levin could imagine. Considered one of the great dystopian novels—alongside Anthony Burgess's *A Clockwork Orange* and Aldous Huxley's *Brave New World*—Ira Levin's frightening glimpse into the future continues to fascinate readers even forty years after publication. The story is set in a seemingly perfect global society. Uniformity is the defining feature; there is only one language and all ethnic groups have been eugenically merged into one race called "The Family." The world is ruled by a central computer called

UniComp that has been programmed to keep every single human on the surface of the earth in check. People are continually drugged by means of regular injections so that they can never realize their potential as human beings, but will remain satisfied and cooperative. They are told where to live, when to eat, whom to marry, when to reproduce. even the basic facts of nature are subject to the UniComp's will—men do not grow facial hair, women do not develop breasts, and it only rains at night. With a vision as frightening as any in the history of the science fiction genre, *This Perfect Day* is one of Ira Levin's most haunting novels.

Her Every Fear - Peter Swanson 2017-01-10
An NPR Best Book of the Year The author of the wildly popular *The Kind Worth Killing* returns with an electrifying and downright Hitchcockian psychological thriller—as tantalizing as the cinema classics *Rear Window* and *Wait Until Dark*—involving a young woman caught in a vise of voyeurism, betrayal, manipulation, and

murder. The danger isn't all in your head . . . Growing up, Kate Priddy was always a bit neurotic, experiencing momentary bouts of anxiety that exploded into full blown panic attacks after an ex-boyfriend kidnapped her and nearly ended her life. When Corbin Dell, a distant cousin in Boston, suggests the two temporarily swap apartments, Kate, an art student in London, agrees, hoping that time away in a new place will help her overcome the recent wreckage of her life. But soon after her arrival at Corbin's grand apartment on Beacon Hill, Kate makes a shocking discovery: his next-door neighbor, a young woman named Audrey Marshall, has been murdered. When the police question her about Corbin, a shaken Kate has few answers, and many questions of her own—curiosity that intensifies when she meets Alan Cherney, a handsome, quiet tenant who lives across the courtyard, in the apartment facing Audrey's. Alan saw Corbin surreptitiously come and go from Audrey's place, yet he's

denied knowing her. Then, Kate runs into a tearful man claiming to be the dead woman's old boyfriend, who insists Corbin did the deed the night that he left for London. When she reaches out to her cousin, he proclaims his innocence and calms her nerves . . . until she comes across disturbing objects hidden in the apartment—and accidentally learns that Corbin is not where he says he is. Could Corbin be a killer? And what about Alan? Kate finds herself drawn to this appealing man who seems so sincere, yet she isn't sure. Jetlagged and emotionally unstable, her imagination full of dark images caused by the terror of her past, Kate can barely trust herself . . . So how could she take the chance on a stranger she's just met? Yet the danger Kate imagines isn't nearly as twisted and deadly as what's about to happen. When her every fear becomes very real. And much, much closer than she thinks. Told from multiple points of view, Her Every Fear is a scintillating, edgy novel rich with Peter Swanson's chilling insight into the

darkest corners of the human psyche and virtuosic skill for plotting that has propelled him to the highest ranks of suspense, in the tradition of such greats as Gillian Flynn, Paula Hawkins, Patricia Highsmith, and James M. Cain.

[Antidote to Venom](#) - Freeman Wills Crofts
2015-07-07

Mystery crime fiction written in the Golden Age

of Murder "Crofts makes great use of the 'inverted mystery' structure (he was among the first to employ the technique) in which the traditional whodunit is turned on its head, with the reader following the murderer through temptation and commission and then watching the detective sort through the sparse clues." —Booklist STARRED review George SurrIDGE, director of the Birmingham Zoo, is a man with many worries: his marriage is collapsing; his finances are insecure; and an outbreak of disease threatens the animals in his care. As SurrIDGE's debts mount and the pressure on him increases, he begins to dream of miracle solutions. But is he cunning enough to turn his dreams into reality—and could he commit the most devious murder in pursuit of his goals? This ingenious crime novel, with its unusual 'inverted' structure and sympathetic portrait of a man on the edge, is one of the greatest works by this highly respected author. The elaborate means of murder devised by Crofts's characters

is perhaps unsurpassed in English crime fiction for its ostentatious intricacy. This new edition is the first in several decades and includes an introduction by the award-winning novelist and crime fiction expert Martin Edwards.
