**The Rejection of Consequentialism** - Samuel Scheffler 1994-08-11

In contemporary philosophy, substantive moral theories are typically classified as either consequentialist or deontological. Standard consequentialist theories insist, roughly, that agents must always act so as to produce the best

available outcomes overall. Standard deontological theories, by contrast, maintain that there are some circumstances where one is permitted but not required to produce the best overall results, and still other circumstances in which one is positively forbidden to do so. Classical utilitarianism is the most familiar

consequentialist view, but it is widely regarded as an inadequate account of morality. Although Professor Scheffler agrees with this assessment, he also believes that consequentialism seems initially plausible, and that there is a persistent air of paradox surrounding typical deontological views. In this book, therefore, he undertakes to reconsider the rejection of consequentialism. He argues that it is possible to provide a rationale for the view that agents need not always produce the best possible overall outcomes, and this motivates one departure from consequentialism; but he shows that it is surprisingly difficult to provide a satisfactory rationale for the view that there are times when agents must not produce the best possible overall outcomes. He goes on to argue for a hitherto neglected type of moral conception, according to which agents are always permitted, but not always required, to produce the best outcomes.

*Escape from Rome* - Walter Scheidel 2021-03-16  
The gripping story of how the end of the Roman Empire was the beginning of the modern world  
The fall of the Roman Empire has long been considered one of the greatest disasters in history. But in this groundbreaking book, Walter Scheidel argues that Rome's dramatic collapse was actually the best thing that ever happened,

clearing the path for Europe's economic rise and the creation of the modern age. Ranging across the entire premodern world, *Escape from Rome* offers new answers to some of the biggest questions in history: Why did the Roman Empire appear? Why did nothing like it ever return to Europe? And, above all, why did Europeans come to dominate the world? In an absorbing narrative that begins with ancient Rome but stretches far beyond it, from Byzantium to China and from Genghis Khan to Napoleon, Scheidel shows how the demise of Rome and the enduring failure of empire-building on European soil launched an economic transformation that changed the continent and ultimately the world.

**Bad Apple** - Lani Lynn Vale 2016-08-26

The road to hell is paved with good intentions... Apple "Core" Drew needs The Uncertain Saints

MC like he needs air. He is barely making it through the day, and each one that goes by takes him closer and closer to hell. Literally, not figuratively. He's a half breath away from killing himself-maybe not by taking his own life, but he's not against making someone else do it for him. Then he meets her. One of his club member's sister, and his whole outlook on life changes. And not for the better. Just as surely as he ruined his life, he ruins her life, too. One lapse in judgement on his part, and his one night of happiness turns into the worst nine months of his life. Which he would've thought was damn near impossible with the things he's done and seen. She never saw it coming... It was the beard. The beard made her do it. That is a good excuse for having sex with a man she barely knows, isn't it? Yeah, who was she kidding? It wasn't the beard. It was the way he looked so dejected and solemn. The sad look in his eyes pulls her in, and the way his rough hands touch her makes her stay. All she wants to do is take

that look out of his eyes, but the consequences to her actions only make things worse, not better. One day is all she gets, and he's not willing to give her more. Until she dies, that is. Then it's too late.

Kinda Don't Care - Lani Lynn Vale 2018-03-23

She's in a white dress that dances around her ankles, and her hair tumbles in a long sheet of curls down her back. A veil covers her beautiful eyes, and she smiles directly at him. Janie is everything Rafe's ever imagined she would be on her wedding day. Breathtaking. Gorgeous. Perfect. The moment he sees her walking down the aisle towards him, he knows that she's the one. Then she passes him, making her way to the man she's to marry. A man that wasn't him. A man that he knows with one hundred percent certainty isn't good enough for her. It seems that her father isn't the only one who's having a hard time giving her away. Rafe only wishes he knew why. Everything about Janie sparks protective instincts he doesn't feel for anyone, not even his own fiancé. What he feels for the bride, however, isn't merely a simple attraction. He knows that something is there just beneath the surface...if only he could reach it. It has to be something huge, too, otherwise he wouldn't be drinking

whiskey straight from the flask in a church pew and wondering how many years he would do in prison if he shot the groom in front of about a hundred witnesses—half of those being cops. He was good...but not that good. A near-death experience cost Rafe almost six months of his memory, but right now he can't help but feel like a huge mistake is being made on both of their parts. One that's going to cost him everything. Then she says I do. Author note: I, Lani Lynn Vale, solemnly swear that there is NO CHEATING in this book...but looks are deceiving. So hang with me.

Good vs Bad.Light vs Dark.Right vs Wrong.There are always two sides to every coin.Josiah 'Liner' Paldecki knew the moment he laid eyes on her that there was something different about her. Something special. Something so unique that it practically poleaxed him the moment that their eyes met.Except, the next time he saw her, it was like she was a different woman altogether.

There was a blankness to her eyes that concerned him. An air of menace about her that honestly scared him to death. He's more than man enough to admit it. At first, Liner thinks it's because she's bi-polar, or possibly psychopathic. Then he realizes the truth. That there isn't a single person that exhibits such different personalities, but two. Two identical twin sisters, both completely different, yet exactly the same. One with a soul, and one without. One that has his heart, and one that only wants to destroy it.

Lachlan Downy was a lover, not a fighter. Okay, he wouldn't lie, he was a fighter, too. But nobody had to know that. Especially not Memphis Tennessee Conner and her stuffy attitude when it came to cops and 'men like him.' Memphis knew cops. Her daddy was a cop. He was also the president of a motorcycle club. Needless to say, he's about as alpha as they come, and she's tired of overbearing men who think they know how to run her life better than she does. So when Downy comes into her life running his smooth talking mouth, she realizes that she'll have to stand strong against his pretty words

and promises to give her what she needs. Downy is determined, though. He's the hostage negotiator for KPD SWAT, and he's never met a person, man or woman, he couldn't talk around into his way of thinking. Although, Memphis is about to show him just how much he miscalculated. Seems Downy may not be as smooth as he thought, and Memphis is just the girl to show him the error of his ways

When Rome Pierce moved to Bear Bottom, Texas, it was his intention to lay low. To not be seen. To find a way to heal his body and soul—as well as his son's. Nobody would know by looking at him that he used to play professional football.

Not with the Bear Bottom MC cut covering his back, and definitely not with his friendly smile completely obliterated. No longer is there charm in each smooth word that comes out of his mouth. What's left is an angry, bitter, scared man that's terrified one day he's going to wake up and his entire world is going to be gone. Nobody knows what drove him to leave the game he loved—nobody but her. She's the one person that has helped him make it through the dark days and even darker nights. She's the bright and shining star in his pitch-black sky. And he doesn't even know her name. He should be afraid that she knows things that not anyone—not even his best friend—knows. Yet, with each encounter, he gives what little bit of his soul remains, and before he knows it only two people on this earth—one dying, and one too afraid to live—make his life worth living. Until one day he has to choose—the love of his life, or the life he brought into this world. Two impossible situations. One decision that would

change him forever.

*I Will Survive* - Gloria Gaynor 2014-03-11

*I Will Survive* is the story of Gloria Gaynor, America's "Queen of Disco." It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including "Honey Bee," "I Got You Under My Skin," "Never Can Say Goodbye," and the song that has immortalized her, "I Will Survive," which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight,

drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon,

Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.
