The Inner Coast: Essays - Donovan Hohn 2020-06-02

Prize-winning essays on our changing place in the natural world by the best-selling author of *Moby-Duck*. Writing in the grand American tradition of Annie Dillard and Barry Lopez, Donovan Hohn is an "adventurous, inquisitive, and brightly illuminating writer" (New York Times). Since the publication of *Moby-Duck* a decade ago, Hohn has been widely hailed for his prize-winning essays on the borderlands between the natural and the human. The Inner

Coast collects ten of his best, many of them originally published in such magazines as the New York Times Magazine and Harper's, which feature his physical, historical, and emotional journeys through the American landscape. By turns meditative and comic, adventurous and metaphysical, Hohn writes about the appeal of old tools, the dance between ecology and engineering, the lost art of ice canoeing, and Americans' complicated love/hate relationship with Thoreau. The Inner Coast marks the return of one of our finest young writers and a stylish exploration of what Guy Davenport called "the geography of the imagination."

Antique Auctions Are Murder - Libby Klein 2022-02-22

When vintage items go up for auction, gluten-free baker and B&B owner Poppy McAllister discovers some people will pay the ultimate price. . . It's peak summer season at the Butterfly House Bed and Breakfast in Cape May, with tourists fluttering in and out and wreaking enough havoc to rival a Jersey Shore hurricane. Also back in town is Courtney Whipple and his family of antique dealers for the annual Cold Spring Village antique show. Courtney's son Auggie has a unique piece he believes will fetch them a fortune if he can get it authenticated in time—a piece rival dealer Grover Prickle insists was stolen from his store. Poppy and her Aunt

Ginny attend the auction, hoping to bid on an armoire for the B&B, and discover a veritable armory for sale—everything from ancient blades and nineteenth century guns to such potential killing devices as knitting needles and a blacksmith hammer. Strangely, they don't see either Auggie or Grover—or the mysterious item they both claim to own. Then during the auction, a body falls out of the very armoire Poppy was hoping to acquire, stabbed through the heart. Now, surrounded by competitive dealers and makeshift weapons, she must find out who turned the auction house into a slaughterhouse . . . Includes Seven Recipes from Poppy's Kitchen! "Lots of comical characters keep the chuckles coming as the determined Poppy solves a surprisingly difficult puzzle." —Kirkus Reviews on *Midnight Snacks Are Murder* *U.S. Oil Week* - 1980

Which Oil? - Richard Michell 2011-10-15

This is a new edition for November 2013 If you own a classic car, you face the problem of choosing the appropriate modern lubricants to use in its engine, gearbox, final drive and chassis. The original owner's handbook, if you have one, is probably of limited use as the lubricants it lists are probably no longer available. Even if you have some good information, you still have problems: are modern oils suitable? If yes, which ones? (Even within a single brand there may be five or six different oils sold for apparently the same purpose.) If no, then why not? What characteristics are unsuitable, and where do you turn to obtain an appropriate oil? This book gives all owners the

information that will allow them to understand the lubrication needs of their cars, and to relate those needs to modern lubricants. You will be able to make correct and safe choices, or to seek out appropriate specialised lubricants if necessary, using step-by-step instructions. Answers are also given to many of the most commonly asked questions about suitable oils for classic cars.
