An Invitation to Family Law - Carl Schneider 2006

Invitation to Family Law contains such materials as briefs, literary treatments of marriage, divorce, and parenting, and simulated case files from families involved in the social service system. This work reflects the contrasting backgrounds and interests of the authors including constitutional theory, moral philosophy, and the literary tradition of law, community and family. It also presents law and economics, feminist theory and application of legal theory to many practical family law problems. You'll see the authors' common fascination with history, concern with fairness (and fair treatment of the issues), and genuine love of the subject that motivated this work.

[The Legal Status of Homemakers in Wyoming](#) - Laurie Brooke Seidenberg 1977

Cultural Sociology of Divorce - Robert E. Emery 2013-02-21

While the formal definition of divorce may be concise and straightforward (legal termination of a marital union, dissolving bonds of matrimony between parties), the effects are anything but, particularly when children are involved. The Americans for Divorce Reform estimates that "40 or possibly even 50 percent of marriages will end in divorce if current trends continue." Outside the U.S., divorce rates have markedly increased across developed countries. Divorce and its effects are a significant social factor in our culture and others. It might be said that a whole "divorce industry" has been constructed, with divorce lawyers and mediators, family counselors, support groups, etc. As King Henry VIII's divorces showed, divorce has not always been easy or accepted. In some countries, divorce is not permitted and even in Europe, countries such as Spain, Italy, Portugal, and the Republic of Ireland legalized divorce only in the latter quarter of the 20th century. This multi-disciplinary encyclopedia covers curricular subjects related to divorce as examined by disciplines ranging from marriage and the family to anthropology, social and legal history, developmental and clinical psychology, and religion, all through a lens of cultural sociology. Features: 550 signed entries, A-to-Z, fill 3 volumes (1,500 pages) in print and electronic formats, offering the most detailed reference work available on issues related to divorce, both in the U.S. and globally. Cross-References and Further Readings guide readers to additional resources. A Chronology provides students with context via a historical perspective of divorce. In the electronic version, the comprehensive Index combines with Cross-References and thematic Reader's Guide themes to provide convenient search-and-browse capabilities. For state and nation entries, uniform entry structure combined with an abundance of statistics facilitates comparison between and across states and nations. Appendices provide further annotated sources of data and statistics.

Introduction to Forensic Psychology - Lenore E.A. Walker 2013-03-14

This text provides a complete overview of the applications of psychology to the law. Incorporating the contributions of social and clinical psychology, this new text presents the material with an objective view towards the complete scope of the subject matter. In its clear coverage of the fundamentals of this field, it

is an invaluable introduction for students, as well as a reference for practitioners.

[Family and Succession Law in the USA](#) - Lynn Dennis Wardle 2019-01-15

Derived from the renowned multi-volume International Encyclopaedia of Laws, this concise exposition and analysis of the essential elements of law with regard to family relations, marital property, and succession to estates in the USA covers the legal rules and customs pertaining to the intertwined civic status of persons, the family, and property. After an informative general introduction, the book proceeds to an in-depth discussion of the sources and instruments of family and succession law, the authorities that adjudicate and administer the laws, and issues surrounding the person as a legal entity and the legal disposition of property among family members. Such matters as nationality, domicile, and residence; marriage, divorce, and cohabitation; adoption and guardianship; succession and inter vivos arrangements; and the acquisition and administration of estates are all treated to a degree of depth that will prove useful in nearly any situation likely to arise in legal practice. The book is primarily designed to assist lawyers who find themselves having to apply rules of international private law or otherwise handling cases connected with the USA. It will also be of great value to students and practitioners as a quick guide and easy-to-use practical resource in the field, and especially to academicians and researchers engaged in comparative studies by providing the necessary, basic material of family and succession law. The Authors List of Abbreviations Preface: 2018 Preface: 1997 General Introduction Part I. Persons Chapter 1. The Status of a Person Chapter 2. Registration of Civil Status Chapter 3. Islamic Divorce in North America - Julie Macfarlane 2012-04-30

Policy-makers and the public are increasingly attentive to the role of shari'a in the everyday lives of Western Muslims, with negative associations and public fears growing among their non-Muslim neighbors in the United States and Canada. The most common way North American Muslims relate to shari'a is in their observance of Muslim marriage and divorce rituals; recourse to traditional Islamic marriage and, to a lesser extent, divorce is widespread. Julie Macfarlane has conducted hundreds of interviews with Muslim couples, as well as with religious and community leaders and family conflict professionals. Her book describes how Muslim marriage and divorce processes are used in North America, and what they mean to those who embrace them as a part of their religious and cultural identity. The picture that emerges is of an idiosyncratic private ordering system that reflects a wide range of attitudes towards contemporary family values and changes in gender roles. Some women describe pervasive assumptions about restrictions on their role in the family system, as well as pressure to accept these values and to stay married. Others of both genders describe the gradual modernization of Islamic family traditions - and the subsequent emergence of a Western shari'a--but a continuing commitment to the rituals of Muslim marriage and

divorce in their private lives. Readers will be challenged to consider how the secular state should respond in order to find a balance between state commitment to universal norms and formal equality, and the protection of religious freedom expressed in private religious and cultural practices.

Articles of Faith - Ronojoy Sen 2018-10-16

Examining the constitutional and legal foundations of the place of religion in India, *Articles of Faith* studies the relationship between religion and state. It closely analyses the decisions of the Supreme Court from the 1950s on Articles 25-30 of the Indian Constitution, as well as other relevant laws and constitutional provisions. The book discusses the Supreme Court's interpretation of the constitutional right to freedom of religion and its influence on the discourse of secularism and nationalism. While examining the role of the Court in defining and demarcating religion as well as religious freedom, practices, and organizations, this volume also highlights important issues such as interpretative traditions and legal doctrines developed by the judiciary over the years. This new edition has an expanded and revised introduction, which looks at the new literature on secularism and religious jurisprudence, both in India and other secular democracies. It also includes an afterword, which examines recent landmark judgments on religion by the Supreme Court of India, such as the one on triple talaq.

Uniform Laws - Nathan William MacChesney 1911

Marriage and Matrimonial Remedies - Mohammed Ahmad Qureshi 1978

Conducting Scientifically Crafted Child Custody Evaluations - Jonathan W. Gould 1998-05-20

Author Jonathan W. Gould compiles the literature on child custody evaluation into a coherent, logically integrated format that can be applied directly to practice. This empirically based book represents state-of-the-art forensic techniques in the rapidly changing field of child custody evaluation. The author questions whether this minority comprises a unique population that requires separate, uniquely developed intervention protocols.

Dissolution - Riane Tennenhaus Eisler 1998

Dissolution is a new word for divorce. In *Dissolution*, Riane Eisler discusses the fundamental societal and litigious changes of divorce from an action that was until recently an unacceptable social phenomenon to what is now commonplace. The book compares the old divorce laws based on marital fault with new "no-fault" divorce laws, an analysis of the laws and institutions of marriage and divorce, and alternatives (social and litigious) to marriage and divorce. Quotes about *Dissolution*: "Dissolution is must reading for every woman...whether she already believes in equal rights for all beings or belongs to the Phyllis Schlafly school of thought. Riane Eisler's work is the most definitive yet on the female species and her rights." - Rona Barrett, *Good Morning America*, ABC-TV "Only those of us who have gone through divorce without your book can fully appreciate its value. Its factual information gives strength. Its innate empathy comforts. Its totality is an integral part of the body of great feminist writings." - Frances Lear, President, Lear Purvis Walker & Co.

Conflict of Laws - Herma Hill Kay 2013

The new edition of the popular *Conflicts* book (formerly Currie, Kay, Kramer and Roosevelt) contains two new main cases for personal jurisdiction, one for extraterritorial application of US law, and one for the New York choice of law approach. In addition, the latest edition features revised materials on the European legal approach to include recent codifications in the Rome I and II conventions. This edition continues the tradition of organizing the teaching of conflicts around the broad themes reflected in different intellectual approaches to the problem.

Conjugal Union - Patrick Lee 2014-08-11

"During a recent day-time television talk show a young woman was informed that her husband had offered her best friend 500 dollars to have sex with him. Needless to say, the young woman (the wife) became very angry and she (along with the talk-show host and most of the audience present) viewed this act as an egregious betrayal"--

Proceedings of the Louisiana Bar Association - Louisiana State Bar Association 1918

Paving the Way - Herma Hill Kay 2021-04-13

The first wave of trailblazing female law professors and the stage they set for American democracy. When it comes to breaking down barriers for women in the workplace, Ruth Bader Ginsburg's name speaks volumes for itself—but, as she clarifies in the foreword to this long-awaited book, there are too many trailblazing names we do not know. Herma Hill Kay, former Dean of UC Berkeley School of Law and Ginsburg's closest professional colleague, wrote *Paving the Way* to tell the stories of the first fourteen female law professors at ABA- and AALS-accredited law schools in the United States. Kay, who became the fifteenth such professor, labored over the stories of these women in order to provide an essential history of their path for the more than 2,000 women working as law professors today and all of their feminist colleagues. Because Herma Hill Kay, who died in 2017, was able to obtain so much first-hand information about the fourteen women who preceded her, *Paving the Way* is filled with details, quiet and loud, of each of their lives and careers from their own perspectives. Kay wraps each story in rich historical context, lest we forget the extraordinarily difficult times in which these women lived. *Paving the Way* is not just a collection of individual stories of remarkable women but also a well-crafted interweaving of law and society during a historical period when women's voices were often not heard and sometimes actively muted. The final chapter connects these first fourteen women to the "second wave" of women law professors who achieved tenure-track appointments in the 1960s and 1970s, carrying on the torch and analogous challenges. This is a decidedly feminist project, one that Justice Ruth Bader Ginsburg advocated for tirelessly and admired publicly in the years before her death.

Divorce, American Style - Suzanne Kahn 2021-05-28

In the 1970s, the divorce rate in the United States doubled, and longtime homemakers suddenly found themselves at risk of poverty, not only because their husband's job was their sole source of income, but also because their insurance, retirement, and credit worthiness were all tied to their spouse's employment. *Divorce, American Style* examines how newly divorced women and policymakers responded to the crisis that rising divorce rates created for American society. Suzanne Kahn shows that, ironically, rising divorce rates led to policies that actually strengthened the social insurance system's use of marriage to determine eligibility for benefits. Large numbers of newly divorced women quickly realized their invisibility within the American welfare state, which did not distribute benefits to most women directly but rather through their husbands. These newly divorced women organized themselves into a political force, and they were remarkably successful in securing legislation designed to address divorced women's needs. But this required significant compromise with policymakers, and these new laws specifically rewarded intact marriages, providing more robust benefits to women in longer marriages. These incentives remain in place today. Indeed, in the thirty years since this legislative compromise, activists' efforts to grapple with the legal system created out of this crisis have affected such high-profile debates as the fight over the Affordable Care Act and the battle for marriage equality. *Divorce, American Style* contests the frequent claim that marriage has become a more flexible legal status over time. Enduring ideas about marriage and the family continue to have a powerful effect on the structure of a wide range of social programs in the United States.

Family Law - William P. Statsky 2012-12-21

FAMILY LAW, sixth edition, provides a comprehensive introduction to modern family law for the paralegal, covering substantive and procedural law with a strong practical emphasis. In addition to fundamental principles of family law and nationwide legal practices, the book includes state-specific assignments to help you identify relevant laws and regulations in your area. Legal analysis exercises help you apply substantive law principles discussed in each chapter, while sample checklists, forms, documents, cases, and exhibits

provide exposure to real-world tools and processes used by working professionals. New content for the sixth edition includes updated coverage of evolving legal issues such as same-sex marriage, adoption, fertility, stem cell research, material on legal ethics, and the role of technology in law. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Legal Status of Homemakers in Wisconsin - Marygold Shire Melli 1977

The Uniform Annulment of Marriage and Divorce Act - Forrest Merville Pearce 1922

Text, Cases and Materials on Sex-based Discrimination - Herma Hill Kay 1996

Family Law - Robert E. Oliphant 2004

Today's wide-ranging family law courses challenge students to assimilate a vast array of material. Make sure your students Understand The scope and depth of the subject by requiring or recommending *Family Law: Examples & Explanations*.
