Profit First - Mike Michalowicz 2017-02-21

Author of cult classics *The Pumpkin Plan* and *The Toilet Paper Entrepreneur* offers a simple, counterintuitive cash management solution that will help small businesses break out of the doom spiral and achieve instant profitability. Conventional accounting uses the logical (albeit, flawed) formula: Sales - Expenses = Profit. The problem is, businesses are run by humans, and humans aren't always logical. Serial entrepreneur Mike Michalowicz has developed a behavioral approach to accounting to flip the formula: Sales - Profit = Expenses. Just as the most effective weight loss strategy is to limit portions by using smaller plates, Michalowicz shows that by taking profit first and apportioning only what remains for expenses, entrepreneurs will transform their businesses from cash-eating monsters to profitable cash cows. Using Michalowicz's Profit

First system, readers will learn that: · Following 4 simple principles can simplify accounting and make it easier to manage a profitable business by looking at bank account balances. · A small, profitable business can be worth much more than a large business surviving on its top line. · Businesses that attain early and sustained profitability have a better shot at achieving long-term growth. With dozens of case studies, practical, step-by-step advice, and his signature sense of humor, Michalowicz has the game-changing roadmap for any entrepreneur to make money they always dreamed of.

365 Thank Yous - John Kralik 2011-01-27

365 DAYS. TWO WORDS. ONE MIRACULOUS TRUE STORY. One recent December, at age 53, John Kralik found his life at a terrible, frightening low. All aspects of his life seemed to be failing: his relationships with his children and partner, his work, his health. Then, hiking on New Year's Day, John was struck by the thought that his life might become at least tolerable if he could be grateful for what he had. Inspired by a beautiful, simple note he had received thanking him for a Christmas gift, John set himself the goal of writing 365 thank-you notes in the coming year. One by one, day after day, he handwrote thank yous for gifts or kindnesses he'd received, large and small, from loved ones and coworkers, past business associates and current foes, school friends and doctors and handymen and neighbours, and anyone, really, who'd done him a good turn. Immediately after he'd sent his very first notes, surprising benefits began to come John's way. Over the year John was writing his notes, his whole life turned around. 365 Thank Yous is a rare memoir, its touching message delivered in the plainspoken storytelling of an ordinary man. Kralik sets a believable, doable example of how to live a good life. To read 365 Thank Yous is to be changed.
