**WALNECK'S CLASSIC CYCLE TRADER, SEPTEMBER 2005** - Causey Enterprises, LLC

**The Longest Ride** - Emilio Scotto 2013-12-08  
For his eighth birthday, Emilio Scotto received a World Atlas. Promptly he announced his plan to make a route that would pass through all the countries of the world, a route he named BLUE ROAD ONE. When, some years later, he found himself astride a black 1100 Honda Gold Wing motorcycle, Blue Road One beckoned, and Scotto set off on a journey that would last more than a decade, take him virtually everywhere in the world, and land him in the Guinness Book of World Records. This is his story, a thrill ride that begins in his native Argentina, crosses Panama in the tumultuous time of Noriega, Mexico in the midst of an earthquake, and finds him broke in L.A. where, in a chance meeting, Muhammad Ali gives him fifty dollars and a signed book. Breaching the Iron Curtain, crossing the Berlin Wall at Checkpoint Charlie, being blessed by the Pope, set upon by cannibals in Sierra Leone, fleeing Somalia on a freighter, Scotto's adventures would be unbelievable if they weren't

true. His tale of touring the world from Tunisia to Turkey, Petra to Afghanistan, Yugoslavia to Singapore, traveling miles enough to take him to the moon and back, is unlike any ever told.

Come along, for the ride of a lifetime.

*Classic Honda Motorcycles* - Bill Silver 2012

Maimonides - Moshe Halbertal 2013-11-24

Maimonides was the greatest Jewish philosopher and legal scholar of the medieval period, a towering figure who has had a profound and

lasting influence on Jewish law, philosophy, and religious consciousness. This book provides a comprehensive and accessible introduction to his life and work, revealing how his philosophical sensibility and outlook informed his interpretation of Jewish tradition. Moshe Halbertal vividly describes Maimonides's childhood in Muslim Spain, his family's flight to North Africa to escape persecution, and their eventual resettling in Egypt. He draws on Maimonides's letters and the testimonies of his contemporaries, both Muslims and Jews, to offer new insights into his personality and the circumstances that shaped his thinking. Halbertal then turns to Maimonides's legal and philosophical work, analyzing his three great books--Commentary on the Mishnah, the Mishneh Torah, and the Guide of the Perplexed. He discusses Maimonides's battle against all attempts to personify God, his conviction that God's presence in the world is mediated through the natural order rather than through miracles, and his locating of philosophy and science at the summit of the religious life of Torah. Halbertal examines Maimonides's philosophical positions on fundamental questions such as the nature and limits of religious language, creation and nature, prophecy, providence, the problem of evil, and the meaning of the commandments. A stunning achievement, Maimonides offers an unparalleled look at the life and thought of this important Jewish philosopher, scholar, and theologian.
