Forbidden Sex, Forbidden Texts - Hoshang Merchant 2020-11-29

The book argues that there is no monolithic homosexuality; there are only homosexualities, that is, there are as many reasons for being gay as there are gays. Some people are born gay, some have gayness thrust upon them, and some do, indeed, achieve to great gayness.

Representation of homosexuality/homoeroticism, as it is understood today, is thus a western import. The act and public/social discourses on same-sex love are still illegal; it is, according to many, against the Indian 'tradition'; and a sense of 'history' is seriously problematic when we dig out for a past tradition of homoerotic love and desire. Hoshang Merchant, through an examination of texts, films, poetry, attempts to analyse and crack the codes of sexual (mis)conduct in contemporary India, giving short histories of the fate of several gay writers and explaining the difficulties of 'coming out'.

Sinner - Sierra Simone 2018-03-15

An Entertainment Weekly Top 10 Romance of

2018! I'm not a good man, and I've never pretended to be. I don't believe in goodness or God or any happy ending that isn't paid for in advance. In fact, I've got my own personal holy trinity: in the name of money, sex, and Macallan 18, amen. So when the gorgeous, brilliant Zenny Iverson asks me to teach her about sex, I want to say yes, I really do. Unfortunately, there are several reasons to say no--reasons that even a very bad man like myself can't ignore. 1. She's my best friend's little sister. 2. She's too young for me. Like way too young. 3. She's a nun. Or about to be anyway. But I want her. I want her even with my best friend and God in the way, I want to teach her and touch her and love her, and I know that makes me something much worse than a very bad man. It makes me a sinner. And it's those very sins that are about to save me... ***Sinner is a standalone companion to *Priest* about Father Bell's brother Sean. You do not have to read *Priest* or *Midnight Mass* to read *Sinner****

Broken Blades - Aleksandr Voinov 2016-02-19
They only had one night together-a stolen interlude at the 1936 Olympics. After Mark Driscoll challenged Armin Truchsess von Kardenberg to a good-natured fencing match, there was no resisting each other. Though from different worlds-an Iowa farm boy and a German aristocrat-they were immediately drawn together, and it was an encounter neither has ever forgotten. Now it's 1944, and a plane crash in hostile territory throws them back together, but on opposite sides of a seemingly endless war. Facing each other as opponents is one thing. As enemies, another thing entirely. And to make matters worse, Mark is a POW, held in a cold, remote castle in Germany... in a camp run by Armin. They aren't the young athletes they were back then. The war has taken wives, limbs, friends, leaving both men gray beyond their years, shell-shocked, and battered. The connection they had back then is still alive and well, though, and from the moment Mark

arrives, they're fencing again-advancing, retreating, testing defenses. Have they been given a second chance? Or have time and a brutal war broken both men beyond repair?

Double-Edged - Nyla K 2022-03-10

What's an honest man to do? Isn't that always the question we find ourselves wondering when we get swept up in something bad... Something overpowering and tangibly wrong, with the ability to corrupt our morals down to the core? These boys, they're not mine, but they might as well be. I'm responsible for them, in a sense. And they couldn't be more different, identical in looks alone. One I've noticed... The other has noticed me. One needs me, the other needs him. Sometimes a hero will fall on his own sword, but in my case... I've fallen on two.

Civilization and Its Discontents - Sigmund Freud
2018-12-29

Civilization and Its Discontents is considered Freud's most brilliant work. In it he states his views on the broad question of man's place in

the world. It has been praised, dissected, lambasted, interpreted, and reinterpreted. Originally published in 1930, it seeks to answer several questions fundamental to human society and its organization—What influences led to the creation of civilization? Why and how did it come to be? What determines civilization's trajectory? This process, argues Freud, is an inherent quality of civilization that instills perpetual feelings of discontent in its citizens. Freud's theme is that what works for civilization doesn't necessarily work for man. Man, by nature aggressive and egotistical, seeks self-satisfaction.

Breathless - Cara Dee 2020-11-19

Breathless is the third standalone novel in The Game Series. "Will you beat me without knowing the reason?" That's the question I ask when I go to clubs to seek out Sadists. Most men say no immediately. They see the flags my question raises and walk away. They're the good guys. They're the guys who adhere to safe, sane, and

consensual. They wanna be aware of the risks and cause no harm. But I'm not looking for a good guy. I'm looking for punishment. The strobe lights hit me as I reach their table. The heavy, industrial music is deafening, and my head is swimming with images of grief, fire, and accusation. I hear the piercing tone of a machine letting me know that I have to tell my two kid brothers that our sister's heart will never beat again. Maybe these two twin Sadists will help me. The only thing bigger than River and Reese Tenley is their reputation. They better not let me down. I ask my question. I ask if they'll beat me without knowing why I want it. They give me a stone-cold onceover, and I don't know if it's River or Reese who responds. He has a menacing-looking tattoo on his neck. "Sure. It's your funeral." The Game Series is a BDSM series with gay pairings where romance meets the reality of kink. Sometimes we fall for someone we don't match with, sometimes vanilla business gets in the way of kinky pleasure, and sometimes

we have to compromise and push ourselves to overcome trauma and insecurities. No matter what, two things are certain. This is not a perfect world, and life never turns out the way you planned.

Nuclear First Strike - George H. Quester 2006

This provocative and timely work examines various scenarios in which the deployment of nuclear weapons could occur, the probable consequences of such an escalation, the likely world reactions, and the plausible policy ramifications. Rather than projecting the physical damage that would result from nuclear attacks, George H. Quester offers an exploration of the political, psychological, and social aftermath of nuclear conflict. The prospect of nuclear attack -- sixty years after atomic bombs destroyed Hiroshima and Nagasaki -- is difficult to confront on many levels. We may avoid the discussion for emotional reasons, for fear of generating a self-confirming hypothesis, or simply because of the general "nuclear taboo." But there are also self-denying propositions to be harnessed here: if the world gives some advance thought to how nuclear weapons might be used again, such attacks may be headed off. If the world avoids nuclear weapons use until the year 2045, it will be able to celebrate one

hundred years of nuclear concord. Quester suggests that this may be achieved through the careful consideration of possible nuclear deployment scenarios and their consequences. In this insightful analysis, he provides a starting point for informed and focused reflection and preparation. -- Martha Smith-Norris

The Well of Loneliness - Radclyffe Hall
2021-05-29

The Well of Loneliness, first published in 1928, is a timeless portrayal of lesbian love. The thinly disguised story of Hall's own life, it was banned outright upon publication and almost ruined her literary career as the subject was that of an obscenity trial and forbidden at the time in England. The novel tells the story of Stephen, an ideal child of aristocratic parents—a fencer, a horse rider and a keen scholar. Stephen grows to be a war hero, a bestselling writer and a loyal, protective lover. But Stephen is a woman, and is attracted to women. As her ambitions drive her, and society incarcerates her, Stephen is forced

into desperate actions. Although Gordon's attitude toward her own sexuality is anguished, the novel presents lesbianism as natural and makes a plea for greater tolerance. It became an international bestseller, and for decades was the single most famous lesbian novel.

Torn - Justin Lee 2012-11-13

Justin Lee, a gay man and devout Christian,

bridges the gaps between his faith and sexuality in this insightful and touching memoir. As a teenager and young man, Justin Lee felt deeply torn. Nicknamed "God Boy" by his peers, he knew that he was called to a life in the evangelical Christian ministry. But Lee harbored a secret: He also knew that he was gay. In this groundbreaking book, Lee recalls the events--his coming out to his parents, his experiences with the "ex-gay" movement, and his in-depth study of the Bible--that led him, eventually, to self-acceptance. But more than just a memoir, *TORN* provides insightful, practical guidance for all committed Christians who wonder how to relate to gay friends or family members--or who struggle with their own sexuality. Convinced that "in a culture that sees gays and Christians as enemies, gay Christians are in a unique position to bring peace," Lee demonstrates that people of faith on both sides of the debate can respect, learn from, and love one another.

If We Could Go Back - Cara Dee 2019-06-12

My sister asked me if I could stand the sight my own reflection, if I'd caused enough damage yet, but I didn't see myself when I looked into the mirror. I saw Kieran standing behind me, pressing a kiss to my shoulder while he undid my belt. I saw everything I wanted that I couldn't have. Not unless I was prepared to hurt everyone around me. Kieran was in a similar situation. Were we monsters or men? Were they one and the same? Did we give a flying f-hell. We did care. Just not enough to stop, not enough to walk away, and I knew we constantly asked ourselves the same question because of it. If we could go back to when we met on the train...if we could erase the deceit, erase our first hello...would we?

JACK - Hell, I knew the divorce from Sophie would break my heart, but I had no idea how lost and lonely I would feel once she was gone. The only problem is, I don't know what that chapters holds, or if anyone will ever be there to catch me if I fall again. My only savior right now is my cousin and best friend Hux. We've known each other just about our whole lives, and his invitation up to the woods to help him rebuild the old cabin by Pathfinders Lake could be the one thing I need to figure out what plans the universe has in store for me... and the path I need to find. HUX - Hell, I knew Jack's divorce from Sophie would break his heart, but I had no idea it would bring to the surface all the yearning and pain and hopelessness I've felt over the years. The fact is, Jack's the one and only person I ever want to spend the rest of my life with. But how do you tell your best friend--your cousin--how you truly

feel? I know I need to help him through the dark days following his divorce, but will I be able to keep myself from betraying all his trust by letting my true feelings show? Will inviting him up to the woods to help me rebuild the old cabin by Pathfinders Lake be the end of our relationship? Or will we finally find our very own path in this world together?

Public Religion and the Politics of Homosexuality in Africa - Adriaan van Klinken 2016-04-14

Issues of same-sex relationships and gay and lesbian rights are the subject of public and political controversy in many African societies today. Frequently, these controversies receive widespread attention both locally and globally, such as with the Anti-Homosexuality Bill in Uganda. In the international media, these cases tend to be presented as revealing a deeply-rooted homophobia in Africa fuelled by religious and cultural traditions. But so far little energy is expended in understanding these controversies in all their complexity and the critical role religion plays in them. This is the first book with

multidisciplinary perspectives on religion and homosexuality in Africa. It presents case studies from across the continent, from Egypt to Zimbabwe and from Senegal to Kenya, and covers religious traditions such as Islam, Christianity and Rastafarianism. The contributors explore the role of religion in the politicisation of homosexuality, investigate local and global mobilisations of power, critically examine dominant religious discourses, and highlight the emergence of counter-discourses. Hence they reveal the crucial yet ambivalent public role of religion in matters of sexuality, social justice and human rights in contemporary Africa.
