Pacific Crossing Guide - Michael Briant
2018-05-31

The Pacific Crossing Guide is intended to provide and overview of almost a years cruising

between the Panama Canal and New Zealand or Australia. You have to fit the cruise into this time scale in order to avoid the various hurricane seasons in the South Pacific. The route outlined is the 'trade winds route' followed by the majority of cruising boats on a circumnavigation, and although there are always off the beaten

track islands and countries to visit until you get to the Cook Islands, there are relatively few alternatives. The Panama Canal is the Gateway to the Pacific so is covered in detail but probably the official 'dope' sheet is worth skipping until you actually drop the hook in Colon.

Gentle Sailing Routes to the Mediterranean

- Michael Briant 2018-06-21

The passage from the UK down to the Mediterranean does not need to be like an 'outward' bound course. The book is designed to help the lightly crewed boat, with perhaps only a couple of people on board, who are without much or indeed any 'offshore' experience, have a relaxed and enjoyable time. If you follow the route, suggested by the author, who has sailed to and from the Mediterranean, many times, in all sorts of boats, you will find it a very gently cruise, making landfall each afternoon in a relaxed fashion. It details the ports, marinas and route you should use between the UK and Gibraltar. There are of course 'hundreds' of options but some are very much better than others and you need to know which should be your port or marina of choice. It is important to know if a port has 'must see' places to visit or

has it got a launderette, good WiFi connections, places to eat at a reasonable price, if the broken 'widget' can be repaired there or easy flights back to the UK - it is also important to know the places you should avoid! It is the cruise of a lifetime, occupying a summer or maybe two, so it does need planning. The book contain 'chartlets', pictures, port and marina guides. At home it will make it will enable you to plan and prepare for your voyage in a knowledgeable and sensible way.

A Kingdom of Priests - Roderick L. Evans 2011-07

Under the Old Covenant, the priesthood belonged to Aaron and his sons. Since believers, by faith, are part of Christ's family line, they receive the ministry of the priesthood also.

Under the Levitical system, there was one high priest among the priests. Christ was called a High Priest and not the only priest; thus, there has to be other priests that serve with Him. These other priests are those who have believed on Him. The believer receives kingship and priesthood through Jesus. To have a people of a royal priesthood has always been a part of God's plan for His people. It was His desire for the children of Israel, yet He developed this desire in the believers. In the pages this book, we will bring clarity to the foundation for the royal priesthood of the believer.

The Boat Galley Cookbook: 800 Everyday Recipes and Essential Tips for Cooking Aboard - Carolyn Shearlock 2012-09-28

No matter what anyone tells you, boat cooking IS different from cooking ashore. The space is smaller, there's no grocery store 5 minutes away, you have fewer prepared foods and electric appliances, and food storage is much

different. Despite cruising different oceans, we—Jan and Carolyn--both faced the same challenges: eating well while having time to enjoy all the other great aspects of cruising. We love to snorkel, swim, kayak, explore—and just sit and admire the view. We learned with the cookbooks we both had aboard, and wished for information that wasn't available--like when Jan ended up with a frozen chicken complete with head and feet and no instructions on how to cut it up. When we couldn't get foods such as sour cream, English muffins, spaghetti sauce or yogurt, we adapted recipes to make our own. Other times, we experimented with substituting ingredients--maybe the result wasn't identical, but it was still tasty. We ended up with over 150 substitutions and dozens of “make it yourself” options. As we traded recipes and knowledge with each other, we realized we were compiling information that became The Boat Galley Cookbook: 800+ recipes made from readily-obtainable ingredients with hand utensils,

including numerous choices to suit every taste: not just one cake but 20, 16 ways to prepare fish, 10 regional barbeque sauces, and so on. Step-by-step directions to give even "non-cooks" the confidence they can turn out tasty meals without prepared foods. Detailed instructions on unfamiliar things like making yogurt and bread, grilling virtually every food imaginable, preparing and cooking freshly-caught fish and seafood, cutting up and boning meat, cooking in a Thermos and baking on the stove top, as well as lots of tips on how to do things more easily in a tiny, moving kitchen. All this in an easy-to-navigate format including side tabs on the Contents to help you find your way and extensive cross reference lists at the end of each chapter. Quick Reference Lists provide idea starters: suggestions of included recipes for such categories as Mexican, Asian, and Potluck. The Boat Galley Cookbook is designed to help you every step of the way. We hope it becomes a trusted reference on your boat, and a source of

many enjoyable meals.
