**Grandad Mandela** - Ambassador Zindzi

Mandela 2018-06-28

"...profoundly moving..." -Publishers Weekly  
Nelson Mandela's two great-grandchildren ask their grandmother, Mandela's youngest daughter, 15 questions about their grandad - the global icon of peace and forgiveness who spent 27 years in prison. They learn that he was a freedom fighter who put down his weapons for the sake of peace, and who then became the President of South Africa and a Nobel Peace Prize-winner, and realise that they can continue his legacy in the world today. Seen through a child's perspective, and authored jointly by Nelson Mandela's great-grandchildren and daughter, this amazing story is told as never before to celebrate what would have been Nelson's Mandela 100th birthday.

[Washington's Circle](#) - David S. Heidler

2016-02-09

History enthusiasts and admirers of Team of Rivals will rejoice in this magisterial account of the extraordinary Americans who served the nation's first chief executive: Together, they created the presidency for a country disgusted by crowns and the people who would wear them. In 1789, as George Washington became the first president of the United States, the world was all but certain that the American experiment in liberty and representative government would founder. More than a few Americans feared that the world was right. In Washington's Circle, we see how Washington and his trusted advisers, close friends, and devoted family defied the doomsayers to lay the foundation for an

enduring constitutional republic. This is a fresh look at an aloof man whose service in the Revolutionary War had already earned him the acclaim of fellow citizens. Washington was easy to revere, if difficult to know. David S. Heidler and Jeanne T. Heidler reveal Washington's character through his relationship with his inner circle, showing how this unlikely group created the office of the presidency. Here is a story of cooperation, confrontation, triumph, and disappointment, as the president, Congress, and the courts sorted out the limits of executive power, quarreled over funding the government, coped with domestic strife, and faced a world at war while trying to keep their country at peace. Even more, it is a story of remarkable people striving for extraordinary achievements. Many of these characters are familiar as historic icons, but in these pages they act and speak as living individuals: the often irked and frequently irksome John Adams, in the vice presidency; the mercurial Alexander Hamilton, leading the Treasury Department; the brilliant, deceptively cunning Thomas Jefferson, as secretary of state; James Madison, who was Washington's advocate—and his eyes and ears—in Congress; and Washington's old friend and former brother-in-arms Henry Knox, at the administration's beleaguered War Department. Their stories mingle with those of Edmund Randolph, John Jay, Gouverneur Morris, and the others who stood with a self-educated Virginia farmer to forge the presidency into an institution protective of its privileges but respectful of congressional prerogatives. Written with energy,

wit, and an eye for vivid detail, Washington's Circle is the fascinating account of the people who met the most formidable challenges of the government's earliest hours with pluck, ability, and enviable resourcefulness. When the world said they would fail, they rolled up their sleeves. This is their story. Praise for Washington's Circle "A fine, readable history of the first presidency . . . [David and Jeanne Heidler] provide not only a lively history but a group portrait of Washington and the various figures vying to influence him."—The Wall Street Journal "Washington's Circle positively glows with narrative exuberance. This is a book that will make even the most jaded student of the American Revolution bark little laughs of pure delight while reading."—Open Letters Monthly "Traditional accounts portray Washington as a solitary actor in the drama of American nationhood, as chilly and featureless as the marble shaft that dominates his namesake capitol. In fact, he was the intensely human lead in one of history's most colorful, and contentious, ensembles. David S. Heidler and Jeanne T. Heidler bring the whole cast to unforgettable life in this character study-cum-group portrait-cum-old-fashioned page-turner."—Richard Norton Smith, author of *On His Own Terms*

*Odes* - Sharon Olds 2016-09-20

Following the Pulitzer prize-winning collection *Stag's Leap*, Sharon Olds gives us a stunning book of odes. Opening with the powerful and tender "Ode to the Hymen," Olds addresses and embodies, in this age-old poetic form, many aspects of love and gender and sexual politics in a collection that is centered on the body and its structures and pleasures. The poems extend

parts of her narrative as a daughter, mother, wife, lover, friend, and poet of conscience that will be familiar from earlier collections, each episode and memory burnished by the wisdom and grace and humor of looking back. In such poems as "Ode to My Sister," "Ode of Broken Loyalty," "Ode to My Whiteness," "Blow Job Ode," and "Ode to the Last Thirty-Eight Trees in New York City Visible from This Window," Olds treats us to an intimate examination that, like all her work, is universal, by turns searing and charming in its honesty. From the bodily joys and sorrows of childhood to the deaths of those dearest to us, Olds shapes the world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.

**Rusch to Glory** - Rebecca Rusch 2014-10-01  
Rebecca Rusch is one of the great endurance athletes of our time. Known today as the Queen of Pain for her perseverance as a relentlessly fast runner, paddler, and mountain bike racer, Rusch was a normal kid from Chicago who abandoned a predictable life for one of adventure. In her new book *Rusch to Glory: Adventure, Risk & Triumph on the Path Less Traveled*, Rusch weaves her fascinating life's story among the exotic locales and extreme conditions that forged an extraordinary athlete from ordinary roots. Rusch has run the gauntlet of endurance sports over her career as a professional athlete-- climbing, adventure racing, whitewater rafting, cross-country skiing, and mountain biking--racking up world championships along the way. But while she might seem like just another superhuman playing out a fistful of aces, her empowering story proves that anyone can rise above self-doubt and find their true potential. First turning heads with her rock climbing and paddling skills,

Rusch soon found herself spearheading adventure racing teams like Mark Burnett's Eco-Challenge series. As she fought her way through the jungles of Borneo, raced camels across Morocco, threaded the rugged Tian Shan mountains, and river-boarded the Grand Canyon in the dead of winter, she was forced to stare down her own demons. Through it all, Rusch continually redefined her limits, pushing deep into the pain cave and emerging ready for the next great challenge. At age 38, Rusch faced a tough decision: retire or reinvent herself yet again. Determined to go for broke, she shifted her focus to endurance mountain bike racing and rode straight into the record books at a moment when most athletes walk away. *Rusch to Glory* is more than an epic story of adventure; it is a testament to the rewards of hard work, determination, and resilience on the long road to personal and professional triumph.

**Babel** - Alan Burns 1969

**Macrocosm and Microcosm** - Rudolf Steiner 1986-09

The human life alternates between the great, external macrocosm and the invisible inner microcosm. Steiner discusses the various paths of self-development that lead across these two thresholds and to the transformation of human soul-forces into spiritual organs of perception. A brief synopsis: The world behind the tapestry of sensory perceptions; human life between macrocosm and microcosm. The planets and their connection with our sleeping and waking life; consciousness soul, mind soul, and sentient soul. The inner path of the mystic; the cycle of the year; the ability to see through matter; the "greater guardian of the threshold." The nature and development of human soul faculties; the "lesser guardian of the threshold"; the sun at midnight; the results of "sins of omission." The Egyptian mysteries of Osiris and Isis; initiation experiences; the Rosicrucian path; mystics of the Middle Ages. Initiation in the "northern mysteries"; the necessity of suppressing the ego; conscious assent into the macrocosm and the higher worlds; the world of archetypal images. The four spheres of the higher worlds; the threshold of the spirit world; forces for developing clairvoyant consciousness in the world of archetypal images. The macrocosm

mirrored in the human being; the nervous system as an inner solar system; the image of purified blood and the conquest of our lower nature in the symbol of the Rose Cross. Spiritual organs of perception and the strengthening powers of sleep; the thinking of the heart; the ego viewed from twelve perspectives. Reading the akashic record; the transition from intellect to heart thinking; four-dimensional space; intellectual questions have no meaning in relation to conditions before the intellect itself existed. Human and planetary evolution; adaptation to the different states of Earth's existence; the breathing process should not be influenced directly unless knowledge has become prayer.

*Migration Past, Migration Future* - Klaus J. Bade 2001-08

Recognizing that the US is an immigrant country and Germany is not, historians and demographers from each describe how the two countries have come to have the largest number of immigrants among advanced industrial countries; how their conception of citizenship and nationality differ; and how their ethnic compositions are likely to change in the next century as a consequence of migration, fertility trends, citizenship and naturalization laws, and public attitudes. The entire series focuses on Germany and the US. Annotation copyrighted by Book News, Inc., Portland, OR

**Practical Jinn Magick** - Corwin Hargrove 2018-07-18

Jinn Magick is simple to execute, and the results can be some of the best you will find in all occultism. Much has been written about The Fire Spirits, known as the Jinn (or Djinn), but books of practical Jinn Magick are rare. Hardly any exist, and those that do are often a disappointment. This book reveals a practical method for calling on the Jinn and receiving a response. There are forty-two rituals, and the magick can help with influence and passion or destruction and transformation. The rituals deal

with reputation and the souring of love. Some rituals affect competition, uncover flaws, weaken others, improve your discipline or make somebody else burn out. Where you feel stuck, you can find release, and there are ways to create more abundance or make somebody else lose what they have. Rituals can create obsessive thoughts in others and make people see the best in you or the worst in another. They can help you seduce or cause somebody to be sexually disgusted by another person. Financial magick works to increase what you have and can make people appreciate your work or make others lose what money they have. There's great potential if you use your imagination. The magick can be subtle and delicate or life-changing and devastating, according to your wish. Most of the rituals can be modified and are directed at clear, practical results. The Jinn are neither angels or demons, but fire spirits, and they execute your magickal wishes with immense power. The magick may only work half the time, but when it does, it works with alarming intensity. The book is expensive, but that's because there's decades of research in here and these secrets should not be given to those who don't value them. Pay a fair price, do the work well, and you will get what you want.

*Stark* - Ben Elton 2008-12-26

Stark is a secret consortium with more money than God, and the social conscience of a dog on a croquet lawn. What's more, it knows the Earth is dying. Deep in Western Australia where the Aborigines used to milk the trees, a planet-sized plot is taking shape. Some green freaks pick up the scent: a pommie poseur; a brain-fried Vietnam vet; Aborigines who have lost their land...not much against a conspiracy that controls society. But EcoAction isn't in society: it just lives in the same place, along with the cockroaches. If you're facing the richest and most disgusting scheme in history, you have to do more than stick up two fingers and say 'peace'.

*Disciple IV* - Abingdon Press 2005-05

DISCIPLE IV UNDER THE TREE OF LIFE is the final study in the four-phase DISCIPLE program and is prepared for those who have completed BECOMING DISCIPLES THROUGH BIBLE STUDY. The study concentrates on the Writings (Old Testament books not in the Torah or the Prophets), the Gospel of John, and Revelation. Emphasis on the Psalms as Israel's hymnbook and prayer book leads natural to an emphasis on worship in the study. Present through the entire study is the sense of living toward completion - toward the climax of the message and the promise, extravagantly pictured in Revelation. The image of the tree and the color gold emphasize the prod and promise in the Scriptures for DISCIPLE IV: UNDER THE TREE OF LIFE. The word under in the title is meant to convey invitation, welcome, sheltering, security, and rest - home at last. Commitment and Time Involved 32 week study Three and one-half to four hours of independent study each week (40 minutes daily for leaders and 30 minutes daily for group members) in preparation for weekly group meetings. Attendance at weekly 2.5 hour meetings. DVD Set Four of the five videos in this set contain video segments of approximately ten

minutes each that serve as the starting point for discussion in weekly study sessions. The fifth video is the unique component that guides an interactive worship experience of the book of Revelation. Under the Tree of Life Scriptures lend themselves to videos with spoken word, art, dance, music, and drama. Set decorations differs from segment to segment depending on the related Scripture and its time period. Set decoration for video segments related to the Writings generally has a Persian theme. Set decoration for the New Testament video segments emphasizes the simpler life of New Testament times.

American Hunger - Eli Saslow 2014-09-02

Winner of the Pulitzer Prize for Explanatory Reporting In this Pulitzer Prize-winning collection, Washington Post reporter Eli Saslow traveled across the country over the course of a year—from Florida and Texas to Rhode Island and Tennessee—to examine the personal and political implications and repercussions of America's growing food stamp program. Saslow shows us the extraordinary impact the arrival of food stamps has each month on a small town's struggling economy, the difficult choices our representatives face in implementing this \$78-billion program affecting millions of Americans, and the challenges American families, senior citizens, and children encounter every day in ensuring they have enough, and sometimes even anything to eat. These unsettling and eye-opening stories make for required reading, providing nuance and understanding to the complex matters of American poverty. An eBook short.
