Teaching Classroom Drama and Theatre - Martin Lewis 2005

Teaching Classroom Drama and Theatre is all about teaching drama in the modern classroom. The book presents a series of new, exciting and practical units placed in the context of current ideas about classroom practice and presents a new model of how teachers can draw together the various methodologies of process drama and theatre studies. By re-appraising the very different traditions and approaches to drama teaching in schools, it presents examples of integrated projects and lessons suitable for the widest range of teachers and learners.

Coach: The Greatest Teachers in Sports and Their Lessons for Us All - Justin Spizman 2022-02-08

Every great sports coach is a life coach. This book identifies 168 outstanding coaches who have much to teach us about optimizing our performance, our character, and our lives. Coaches build winning teams and enable each athlete they mentor, guide, cajole, and nurture to achieve top performance. More than this, every great sports coach is first and last a life coach. Sportswriter Justin Spizman identifies and profiles 168 of the greatest coaches and managers of all time. They have much to teach us about optimizing our performance, our character, and our lives. Coach: The Greatest Teachers in Sports and Their Lessons for Us All profiles coaches in every significant sport, from football, basketball, baseball, and hockey to gymnastics, skating, rowing, rugby, soccer, and more. From field to court, diamond, rink, and pitch, the big leagues to the Olympics, college, and high school, Coach delivers the most teachable moments and methods—for play, for competition, and for life. Rich in quotations, each profile ends with lessons for top performance on and off the field, in and beyond the arena. Justin Spizman tracks all the relevant stats—for every sport keeps score—but he seeks first and last to disclose the mind, the heart, and the force of character that drive each of the indispensable men and women behind the world’s most envied and admired athletes. His profiles range from the likes of Cardinals manager Tony La Russa (already an MLB legend), to Aimee Boorman and Cecile Canqueteau-Landi (who both coached gymnastics phenom Simone Biles), Bill Belichick (the take-no-prisoners field general of the New England Patriots), Pat Summitt (who racked up 1,098 wins as coach of the University of Tennessee Lady Vols basketball team from 1974 to 2012), Marián Vajda (the coach behind tennis titan Novak Djokovic), and David Leadbetter (golf guru to champions Kathy Baker, Nick Faldo, and Michelle Wie).

Darwin, Tennyson and Their Readers - Valerie Purton 2013-09-15

‘Darwin, Tennyson and Their Readers: Explorations in Victorian Literature and Science’ is an edited collection of essays from leading authorities in the field of Victorian literature and science, including Gillian Beer and George Levine. Darwin, Tennyson, Huxley, Ruskin, Richard Owen, Meredith, Wilde and other major writers are discussed, as established scholars in this area explore the interaction between Victorian literary and scientific figures which helped build the intellectual climate of twenty-first century debates.

LIVING IN SPITE OF CEREBRAL PALSY - Miss Donna Hughes 2014

My book is about my life living with cerebral palsy, with the support of my family and friends, I have been able to put this book together, the good times and the bad times happy and sad times, people I have meet in my life and the opportunities I've had. And I have dedicated my book to my mother and father as my father has sadly passed away 10 years ago and he would've been so proud of me.

Ancient Roman Sports, A-Z - David Matz 2019-10-22

Chariot races. Gladiatorial combat. Fishing. Hunting. Swimming. The ancient Romans enjoyed these sports—sometimes with fanatical enthusiasm. This reference book contains more than 100 entries covering sporting events and activities of the era, and the Romans who sponsored, competed in and attended them. Charioteer Appuleius Diocles, in a career spanning 24 years, competed in 4,257 races, winning an astounding 1,462 of them. Alypius, the young friend of St. Augustine, was both drawn to and repulsed by gladiatorial battles and struggled to shake his mania for the spectacle of blood sport. Brief abstracts of the entries are included for quick reference, along with an expansive glossary and biographical notes on the ancient authors cited.

One Day in September - Simon Reeve 2011-08-01

At 4:30 a.m. on September 5, 1972, a band of Palestinian terrorists took eleven Israeli athletes and coaches hostage at the Summer Olympics in Munich. More than 900 million viewers followed the chilling, twenty-hour event on television, as German authorities desperately negotiated with the terrorists. Finally, late in the evening, two helicopters bore the terrorists and their surviving hostages to Munich's little-used Fürstenfeldbruck airfield, where events went tragically awry. Within minutes all of the Israeli athletes, five of the terrorists, and one German policeman were dead. Why did the rescue mission fail so miserably? And why were the reports compiled by the German authorities concealed from the public for more than two decades? Reeves takes on a catastrophe that permanently shifted the political spectrum with a fast-paced narrative that covers the events detail by detail. Based on years of exhaustive research, One Day in September is the definitive account of one of the most devastating and politically explosive tragedies of the late twentieth century, one that set the tone for nearly thirty years of renewed conflict in the Middle East.

The Kuwaiti Digest - 2000

Battleground: Sports [2 volumes] - Michael Atkinson 2008-12-30

Mega-events like the Olympics, the World Cup of soccer, the World Series of baseball, cycling's Tour de France, and the Super Bowl draw our attention to the deep cultural significance of sport and its role in fostering social bonds. Yet when it comes to sport, there is no shortage of debate: stereotypes regarding sexuality, race, gender, and children have been hotly contested by critics for over 40 years. Even today, sport is one of the very few socially accepted sites of violence, intense competition and controlled forms of social disorder. Battleground: Sports presents the 100 most contentious public and private controversies of the sports world. Highlighted throughout are debates surrounding ethnicity, gender, sexuality, and social identity, sports fan behavior, as well as the role of governments and corporations. Engaging and accessible

to a wide variety of readers, this fascinating reference illustrates how sports controversies reflect the historically enduring and changing nature of our broader cultures, and the social battles we engage on a day-to-day basis surrounding the struggles for equality, debates about social violence, the ethics of competition, the politics of civic life, the creation of global communities, and the State's role in protecting citizens. Entries contain an array of thoughtful perspectives on historic and current controversies, and allow readers to formulate their own conclusions. Enhanced with a timeline, a thorough guide of print and electronic resources for high school and undergraduate student research, this one-stop reference goes beyond the newspaper headlines to provide readers with a guide map for understanding what sport controversies teach us about our culture and ourselves.

Nathan Hale - M. William Phelps 2015-03-03

Few Americans know much more about Nathan Hale than his famous last words: "I only regret that I have one life left to give for my country." But who was the real Nathan Hale? M. William Phelps charts the life of this famed patriot and Connecticut's state hero, following Hale's rural childhood, his education at Yale, and his work as a schoolteacher. Even in his brief career, he distinguished himself by offering formal lessons to young women. Like many young Americans, he was soon drawn into the colonies' war for independence and became a captain in Washington's army. When the general was in need of a spy, Hale willingly rose to the challenge, bravely sacrificing his life for the sake of American liberty. Using Hale's own journals and letters as well as testimonies from his friends and contemporaries, Phelps depicts the Revolution as it was seen from the ground. From the confrontation in Boston to the battle for New York City, readers experience what life was like for an ordinary soldier in the struggling Continental Army. In this impressive, well-researched biography, Phelps separates historical fact from long-standing myth to reveal the truth about Nathan Hale, a young man who deserves to be remembered as an original American patriot.

Japanese Lessons - Gail R. Benjamin 1998-08-01

Gail R. Benjamin reaches beyond predictable images of authoritarian Japanese educators and automaton schoolchildren to show the advantages and disadvantages of a system remarkably different from the American one... --The New York Times Book Review Americans regard the Japanese educational system and the lives of Japanese children with a mixture of awe and indignance. We respect a system that produces higher literacy rates and superior math skills, but we reject the excesses of a system that leaves children with little free time and few outlets for creativity and self-expression. In Japanese Lessons, Gail R. Benjamin recounts her experiences as a American parent with two children in a Japanese elementary school. An anthropologist, Benjamin successfully weds the roles of observer and parent, illuminating the strengths of the Japanese system and suggesting ways in which Americans might learn from it. With an anthropologist's keen eye, Benjamin takes us through a full year in a Japanese public elementary school, bringing us into the classroom with its comforting structure, lively participation, varied teaching styles, and non-authoritarian teachers. We follow the children on class trips and Sports Days and through the rigors of summer vacation homework. We share the experiences of her young son and daughter as they react to Japanese schools,

friends, and teachers. Through Benjamin we learn what it means to be a mother in Japan--how minute details, such as the way mothers prepare lunches for children, reflect cultural understandings of family and education. Table of Contents Acknowledgments 1. Getting Started 2. Why Study Japanese Education? 3. Day-to-Day Routines 4. Together at School, Together in Life 5. A Working Vacation and Special Events 6. The Three R's, Japanese Style 7. The Rest of the Day 8. Nagging, Preaching, and Discussions 9. Enlisting Mothers' Efforts 10. Education in Japanese Society 11. Themes and Suggestions 12. Sayonara Appendix. Reading and Writing in Japanese References Index

Early English Performance: Medieval Plays and Robin Hood Games - John Marshall 2019-09-09

Covering a period of nearly 40 years' work by the author this collection of essays in the Shifting Paradigms in Early English Drama Studies series brings the perspective of a Drama academic and practitioner of early English plays to the understanding of how medieval plays and Robin Hood games of the fifteenth and sixteenth centuries were performed. It explores why, where, when, and how the plays happened, who took part, and who were the audiences. The insights are informed by a combination of research and the public presentation of surviving texts. The research included in the volume unites the early English experiences of religious and secular performance. This recognition challenges the dominant critical distinction of the past between the two and the consequent privileging of biblical and moral plays over secular entertainments. What further binds, rather than separates, the two is that the destination of funds raised by the different activities maintained the civic and parochial needs of the institutions upon which the people depended. This collection redefines the inclusive nature and common interests of the purposes that lay behind generically different undertakings. They shared an extraordinary investment of human and financial resources in the anticipation of a profit that was pious and practical.

Organized Crime in Sports (racing). - United States. Congress. House. Select Committee on Crime 1973

Post-Beijing 2008: Geopolitics, Sport and the Pacific Rim - J. A. Mangan 2013-10-18

In 2008, as few in the world are unaware, China was host to the world via the Beijing Olympics. The world watched the metamorphosis of Beijing from insecure capital to confident metropolis but, aware of it or not, the world was also watching the symbolic assertion, via the Games, of a rising superpower. The Pacific Rim will be the stage on which China initially displays its new hegemonic intentions, aspirations and ambitions. Thus in Post-Beijing 2008, the political, economic and cultural impact of Beijing 2008 on the geopolitical future of the Pacific Rim will be discussed. This perspective, analysed by some of the most distinguished academic commentators from some of the world's leading universities who are closely associated with the Pacific Rim (East and West), is original in focus and the analysis is pregnant with political possibilities. This book was previously published as a special issue of the International Journal of the History of Sport.

China, Taiwan, and International Sporting Events - Marcus P. Chu 2022-07-07

Chu explores the politics behind Taiwanese cities' pursuit of international sporting events, and the Chinese authorities' strategic measures in handling the relations with Taiwan since the 1990s. It is assumed that the Chinese authorities constantly oppose Taiwanese cities' application for, and boycott their subsequent holding of, international sporting events. Doing so would obstruct Taiwan's capacity to raise its visibility and influence in world society, and defend the One-China principle. In fact, the role of China in Taiwan's pursuit of international sporting events is not invariably as a fatal obstructer, but sometimes a neutral bystander or even an enthusiastic supporter. Chu examines the reasons behind this phenomenon. Reviewing the 18 Taiwanese bidding attempts and four hosting projects, he argues that China's inconsistent response is determined by the ups and downs of Cross-Strait political ties. As a result, this book provides insight into the nexus between sports and politics in the context of China-Taiwan rivalry. A must read for scholars, students, and other watchers of Cross-Strait relations.

Sport in Modern Society - 1978

In the Shadow of Totalitarianism: Sport and the Olympic Movement in the "Visegrád Countries" 1945-1989 - Marek Waic 2015-02-01

The monograph *In the Shadow of Totalitarianism Sport and the Olympic Movement in the "Visegrád Countries" 1945-1989* is devoted to the history of sport in selected countries of Central Europe from the

end of World War II until the end of the 80s, i. e. communist regimes downfall. The development of sport and the Olympic Movement in Czechoslovakia, Poland and Hungary are observed in mutual interaction with ideologically homogenous and totalitarian systems whose metamorphoses of power were different within the chronological development in the above mentioned period of time.

Deviance and Social Control in Sport - Michael Atkinson 2008

"The world of sport offers a deep - and often-overlooked - source for the study of deviance and its development. Deviance and Social Control in Sport challenges preconceived understandings regarding the relationship of deviance and sport and offers a conceptual framework for future work in a variety of sociological subfields." "Drawing on their research in criminology and deviance in the discipline of sociology, Michael Atkinson and Kevin Young provide a textured understanding of sport-related deviance through the application of various approaches to deviance in a sport context. Using extended case studies, the authors examine the subject of deviance through examples that are popular, understudied, or emerging." "The text explains how forms of wanted and unwanted rule violation are produced by and mediated through social contexts in and around sport. By considering networks of social relationships and how they produce, define, and police rule violation and rule violators, Deviance and Social Control in Sport offers a nuanced and integrated explanation of sport deviance that accounts for the behaviors and practices of both individuals and teams."--BOOK JACKET.

New Appleman Sports and Entertainment Insurance Law & Practice Guide - Kirk A. Pasich 2022-09-16

Brand new, this publication provides practical guidance in dealing with the types of insurance that are available for individual and entity participants in the sports and entertainment industries. It identifies the nuances of the insurance, requirements in the insurance policies that may need to be honored to obtain coverage, and overlooked sources of coverage. This unique product not only provides in-depth explanations of the substantive law but also nuts and bolts practical guidance for lawyers in handling virtually all issues that can arise involving insurance for all participants and entities in the sports and entertainment industries in the United States. It analyzes germane insurance provisions, coverage issues and court decisions thus providing a thorough grounding in the current insurance law needed to successfully handle sports and entertainment insurance law issues. It applies general insurance principles to the needs of participants in the sports and entertainment industries. Insurance law principles that pertain to policyholders and insurers in general are explained and applied to instances and scenarios involving sports and entertainment events and participants. It further provides in-depth analysis of the insurance provisions, issues and court decisions unique to the sports and entertainment industries. Individuals and entities in the entertainment and sports industries are the subject of a wide variety of claims and lawsuits. The economic consequences vary, but can reach millions, if not tens of millions of dollars, and can involve everything from paying lawyers and experts to defend against lawsuits, to paying to repair or rebuild property, to suffering losses from injuries, cancellations, delays, cast changes or closures and loss of business during periods of restoration. The publication features practice insights, strategic guidance, comments and warnings. Insightful, expert guidance is provided giving you the key do's and don'ts of practice. Appendices of key decisions and sample forms are provided. This publication thus presents a complete package of the tools you need to practice in this lucrative area of the law successfully.

Sport in the Middle East - Fan Hong 2017-07-05

This collection provides interdisciplinary study of sport in the Middle East in the context of history, politics, policies, gender, religion, ideology and international relations. The chapters examine the role of the Pan-Arab Games in strengthening the bonds of Arab identity in Qatar, the contribution of sport to the building of nationhood and cultural image in Lebanon and Turkey, female involvement in the Olympic movement in Middle Eastern countries, how sport has facilitated the promotion of gender equality and how sport has served the social and cultural transformation of the Islamic world. Study of the role and functions of sport in the Middle East in its historical, political and cultural context is long overdue. Based on recent research conducted by prominent young scholars in this field, this collection will inspire and stimulate the future development of research in the Islamic world. This book was originally published as a special issue of The International Journal of the History of Sport.

China's Quest for Sporting Mega-Events - Marcus P. Chu 2020-07-14

This book vividly elucidates the inseparable nature between politics and sport in China. The holding of sporting mega-events is viewed by the Chinese authorities as a prominent way to push forward the Reform and Opening up, arouse the patriotism among the public, and display national resurgence in the world. Chinese cities thus have keenly quested for the Olympics, the Asian Games and the World University Games since the 1980s. Theoretically, the President, the Premier and the central government should provide all-out support, so boosting the Chinese cities' odds of success. The reality yet shows that their attitude towards the bids vary from case to case. Through reviewing the 20 bidding cases, this book aims to demystify the reasons behind. The findings provide an in-depth account of (1) how domestic and international political factors determine the state leaders' blessing and silence as well as the central government's backing, indifference and opposition, and (2) how the bids for the sporting mega-events are used to serve the broader political goals of the Chinese authorities at home and abroad. Additionally, they shed light on the political strategies to boost the Chinese cities' chance of success, and the political reasons for their win, loss and discontinuation, in the bidding contests. The book will be a valuable resource for researchers interested in the domestic politics and international relations of China.

International Sport Management - Eric MacIntosh 2018-11-15

International Sport Management is the first comprehensive textbook devoted to the organization, governance, business activities, and cross-cultural context of modern sport on an international level. As the sport industry continues its global expansion, this textbook serves as an invaluable guide for readers as they build careers that require an international understanding of the relationships, influences, and responsibilities in sport management. Through a systematic presentation of topics and issues in international sport, this textbook offers a long-overdue guide for students in this burgeoning subfield in sport management. Editors Li, MacIntosh, and Bravo have assembled contributors from all corners of the globe to present a truly international perspective on the topic. With attention to diversity and multiple viewpoints, each chapter is authored by distinguished academics and practitioners in the field. A foreword by esteemed sport management scholar Dr. Earle Zeigler emphasizes the importance of a dedicated study of the issues in international sport management. All chapters in the text use a global perspective to better showcase how international sport operates in various geopolitical environments and cultures. The text is arranged in five parts, each serving a unique purpose: •To outline the issues associated with international sport management •To examine sport using a unique perspective that emphasizes its status as a global industry •To introduce the structure of governance in international sport •To examine the management essentials in international sport •To apply these strategies in the business segments of sport marketing, sport media and information technology, sport facilities and design, sport event management, and sport tourism Written to engage students, International Sport Management contains an array of learning aids to assist with comprehension of the material. It includes case studies and sidebars that apply the concepts to real-world situations and demonstrate the varied issues, challenges, and opportunities affecting sport management worldwide. Chapter objectives, key terms, learning activities, summaries, and discussion questions guide learning in this wide-ranging subject area. In addition, extensive reference sections support the work of practitioners in the field. With International Sport Management, both practicing and future sport managers can develop an increased understanding of the range of intercultural competencies necessary for success in the field. Using a framework of strategic and total-quality management, the text allows readers to examine global issues from an ethical perspective and uncover solutions to complex challenges that sport managers face. With this approach, readers will learn how to combine business practices with knowledge in international sport to lead their current and future careers. International Sport Management offers readers a multifaceted view of the issues, challenges, and opportunities in international sport management as well as the major functional areas that govern international sport. The text provides students, academics, and practitioners with critical insights into the practice of business as it applies to international sport.

Hey You Rock Buoy, Stop Talks! - Sharang Sasan 2019-06-14

Children are the most important beneficiaries of a good education, yet the ones with the least power to shape it. Remember what growing up was all about? - Thoughts/events/ the small things that have made up our past? Well this book is Jai's journey through the 90's - a young boy living in suburban Delhi who starts his life in an elite public school and lands up at the doorstep of Delhi University. 'DU' as it is commonly referred to is an amalgamation and a melting pot of so many different cultures. It changes, challenges and totally befuddles the young unsuspecting minds taking their first initial steps into its hallowed corridors. The confusion, the trials and tribulations experienced by Jai, having seen one world in his school days and a completely different one in Delhi University, is our story. Follow Jai on his journey of discovery, learning, growing up as he breaks the myth surrounding Delhi University. Peppered with humorous anecdotes, observations and insights, Jai draws you into his world as he goes about trying to understand this mystery called Life.

Teaching Drama and Theatre - Martin Lewis 2005-07-28

Rainer and Lewis present a series of new, exciting and challenging practical units for teaching drama in the modern classroom. The tried-and-tested units of work in this book are placed in the context of current ideas about classroom practice. The authors present a new model of how teachers can draw together the various methodologies of process drama and traditional theatre teaching. The flexible content makes the book suitable for specialist and non-specialist drama teachers. Newly trained teachers, student teachers and those new to drama will feel supported by the full, detailed layout. Experienced teachers will find the main benefit of the book as a springboard into their own drama teaching around the themes and topics given, and as a means of clarifying theoretical concepts.

The Athenaeum - 1866

Communication Generation - Carole McCall 2016-02-29

A true story of a capable and cheerful woman's slow and sometimes hilarious ascent all the way back from a real, fully fledged, all singing and all dancing breakdown that she really did not see coming her way, not in a month of Sundays.

Case Studies of Famous Trials and the Construction of Guilt and Innocence - Gordon, Caroline 2022-04-11

From the trials of Oscar Pistorius to O.J. Simpson and Michael Jackson, this innovative book provides a

critical review of 11 high profile criminal cases. These case studies examine how 'guilt' and 'innocence' are constructed in the courts and in wider society, using the themes of evidence and narratives; credibility; rhetoric and oratory in the court room; social status; vulnerability and false confessions; diminished responsibility and the media and social judgments. Written for criminology, sociology, law, and criminal justice students, the book includes: • exercises to extend thinking on each case; • recommended readings for studying the cases and concepts discussed in each chapter; • an extensive specialist reference list including web links to videos and transcripts pertaining to many of the cases discussed in the book. The book delivers an accessible examination of the criminological, sociological, psychological and legal processes underpinning the outcome of criminal cases, and their representation in the media and wider society.

Pitch Battles - Peter Hain 2021-09-01

"There will be a black Springbok over my dead body." — Dr Danie Craven, President of the South African Rugby Board, 1969 Just a year after the controversial D'Oliveira affair, the organised disruption of the all-white 1969/70 South African rugby and cricket tours to Britain represented a significant challenge to apartheid politics. Led by future cabinet minister Peter Hain, the 'Stop the Seventy Tour' campaign brought about the cancellation of both tours, presaging white South Africa's expulsion from the Olympics and the end of apartheid sport altogether. With his brand of attention-grabbing, direct action sports protest, the 19-year-old Hain emerged as a hero to some and enemy to others. Now, reflecting on these experiences with fifty years of hindsight, Lord Hain, together with South Africa's foremost sports historian and fellow anti-apartheid activist André Odendaal, shows how decades of relentless international and domestic campaigning for equality led to a Springbok team captained by black athlete Siya Kolisi winning the 2019 Rugby World Cup. Interspersing a wide range of examples with personal testimony, *Pitch Battles* explores the themes of sport, globalisation and resistance from the deep past to the present day. Published in the same year as the *Stop The Tour* documentary from acclaimed director Louis Myles, this compelling story of sacrifice, struggle and triumph reveals how sport should never be divorced from politics or society's values.
