Book of the Honda 50 Including Monkey Bikes and Mini Trail Models - Floyd Clymer 2013-02-01
10 pages, 51 black & white illustrations, size 5.5 x 8.5 inches. Originally published under the title *The Book of the Honda 50* by John Thorpe, this book is one of The Motorcyclist's Library series published in the USA by Floyd Clymer by arrangement with the original publishers Pitman Ltd. of London, England. It includes complete technical data, service and maintenance information and detailed instructions for the repair and

overhaul of the major mechanical and electrical components for the entire Honda 50cc series of mopeds and mini bikes constructed from 1958 through the 1970 models. There is adequate detailed text and diagrams to assist in major refurbishing such as an engine rebuild or even a complete renovation. Applicable to the C100, C102, C110, C114, C50, P50, PC50, PF50 OHV & PF50, and all 50cc Mini Trail and Monkey Bike variants. This publication has been Out-of-print and unavailable for many years and is becoming increasingly more difficult to find on the secondary market and we are pleased to be able to offer this reproduction as a service to all Honda enthusiasts worldwide.

Honda Motorcycles Workshop Manual C110 1962-1969 - Motor Honda Motor 2009-07-01

A faithful reproduction of the 1970 Floyd Clymer publication of the official Honda Factory Workshop Manual specific to the 1962-1969 n10 50cc Sport Cub series of motorcycles. This manual includes all of the data that you would expect from a factory publication for the repair and overhaul of all major and minor mechanical and electrical components. It also includes a comprehensive troubleshooting section plus tables of technical data, tolerances and fits making it an invaluable resource for collectors and restorers of these classic Honda motorcycles. There are 55 illustrations and each procedure is explained in a step-by-step method using an appropriate illustration. The translation from Japanese to

English is, at times, a little quirky but the illustrations make up for any difficulty in understanding what needs to be done! There are separate sections that deal with the repair and overhaul procedures for the engine, transmission, wheels and brakes, front forks, frame and carburetor, plus a detailed electrical service section. This is a - must have - reference for any Honda enthusiast and would certainly assist in helping any potential purchaser better understand the inner workings prior to purchasing one of these classic motorcycles. Out-of-print and unavailable for many years, this book is highly sought after on the secondary market and we are pleased to be able to offer this reproduction as a service to all Honda enthusiasts worldwide.

Two Wheel Travel - Peter W. Tobey 1974

HONDA 50cc, 65cc, 70cc & 90cc OHC SINGLES 1959-1983 ALL MODELS WORKSHOP MANUAL - Floyd Clymer 2022-04-02

142 pages, with more than 250 illustrations, size 8.25 x 10.75 inches. At the time of Floyd Clymer's unexpected demise in 1970, there were a number of manuals that had been completed and were ready for publication. This 'Honda 50cc - 90cc' is one of those completed but previously unpublished compilations of various Honda Factory Manuals

for the OHC Honda single cylinder 50cc, 65cc, 70cc and 90cc models. This series of OHC engines was introduced in 1959 with the release of the C100 'Super Cub' and remained in production through the 1983 C70 'Passport' model. This manual covers the step-through models(mopeds), motorcycles(street, trail & off-road) and mini-trial(monkey bikes). The primary focus is the maintenance and repair of the major mechanical and electrical components including: Engine, Transmission, Clutch, Fuel, Electrical, Frame, Suspension and Steering, models covered are: 50cc Motorcycles: S50 50cc Step-Through/Mopeds: C50-C50M-CT50 50cc Mini-Bikes/Monkey Bikes: ST50-Z50A 65cc Motorcycles: S65 65cc Step-Through/Mopeds: C65-C65M 70cc Motorcycles: CL70-SL70 70cc Step-Through/Mopeds: C70-C70M 70cc Mini-Bikes/Monkey Bikes: CT70-ST70 90cc Motorcycles: CD90-CL90-S90-SL90 90cc Step-Through/Mopeds: C90-CT90 90cc Mini-Bikes/Monkey Bikes: ST90 In addition, based on information published in the 1988 American Honda Motor Co., official 'Motorcycle Identification Guide', this manual will be of interest to owners of the single cylinder OHC models listed below. Please note that this list obviously focuses on models that were marketed in the USA. However, many of these vehicles were sold in the Japanese and European market under different model names and owners of these vehicles should also find this manual to be of use. Unfortunately, due to the multitude of various models that utilized these same power-trains, individual model construction details may not be included in this manual. 50cc Motorcycles: C110* 50cc Step-Through/Mopeds: C100*-P50-PC50 50cc Mini-Bikes/Monkey Bikes: Z50R 70cc Motorcycles: XL70 70cc Mini-Bikes/Monkey Bikes: CT70H 70cc ATV's: ATC70-TRX70 75cc Motorcycles: XL75-XR75 80cc Motorcycles: XL80S-XR80 90cc Motorcycles: CL90L 90cc Step Through/Mopeds: CM91 90cc ATV's: ATC90 *Owners of the C110 'Sport Cub' & C100 'Super Cub' series are directed to our Honda factory workshop manuals ISBN 9781588500854 & ISBN 9781588500861, these two manuals are exclusive to those models and as such, significantly more detailed. After his visit to Japan in 1961, Floyd Clymer published 'The Complete Catalog of Japanese Motor Vehicles' (ISBN 9781588502209). Based on his experiences during that

visit, Floyd also anticipated the need for repair manuals for those Japanese motorcycles that were just starting to be imported into the USA [Yamaha (1958), Honda (1959), Suzuki (1963)]. The predominance of the Floyd Clymer Japanese motorcycle manuals were reprints or compilations of the factory publications, which today makes them more desirable than the current aftermarket manuals.
