hole. One man, Hanosz Prime, ruler of his world, is determined to visit Earth before it is destroyed. His abdication from his throne and his wanderlust are to prove the beginning of a much longer journey - one that will see him fall in love, meet the Oracles of Earth and perhaps, if he is very lucky, provide a means to save the cradle of humanity.

Originally started by Robert Silverberg more than 20 years ago but never completed, Hanosz's story is taken up by Alvaro Zinos-Amaro. Silverberg hand-picked Zinos-Amaro to complete the book, and provided notes and guidance. The result is a remarkable collaboration between one of the masters of SF and one of the most exciting new voices in the genre.

"This important book provides compelling examples of how effective leaders can have hope, see progress, and achieve success for all children in the schools and districts they lead."—Richard Riley, former United States Secretary of Education "Tom Payzant is one of the few people who could provide such a comprehensive, useful book for educational leaders at all levels. *Women Who Think Too Much* - Susan Nolen-Hoeksema  
2004-02-01

From one of the nation's preeminent experts on women and emotion, a breakthrough new book about how to stop negative thinking and become more productive. It's no surprise that our fast-paced, overly self-analytical culture is pushing many people--especially women--to spend countless hours thinking about negative ideas, feelings, and experiences. Renowned psychologist Dr. Susan Nolen-Hoeksema calls this overthinking, and her groundbreaking research shows that an increasing number of women--more than half of those in her extensive

study-are doing it too much and too often, hindering their ability to lead a satisfying life. Overthinking can be anything from fretting about the big questions such as "What am I doing with my life?" to losing sleep over a friend's innocent comment. It is causing many women to end up sad, anxious, or seriously depressed, and Nolen-Hoeksema challenges the assumption-heralded by so many pop-psychology pundits of the last several decades-that constantly expressing and analyzing our emotions is a good thing. In *Women Who Think Too Much*, Nolen-Hoeksema shows us what causes so many women to be overthinkers and provides concrete strategies that can be used to escape these negative thoughts, move to higher ground, and live more productively. *Women Who Think Too Much* will change lives and is destined to become a self-help classic.

by a campaign of terror. As they are driven to the edge of despair, Jamie vows to fight back—but he has no idea what he is really up against... *The Magpies* is a gripping psychological thriller in which the monsters are not vampires or demons but the people who live next door. It is a nightmare that could happen to anyone. Praise for *The Magpies* “Mark Edwards achieves what other writers yearn for, by creating characters that genuinely feel like real people, individuals you know personally—and then puts them into the scariest of situations so that we cannot help but suffer with them. Edwards takes the places that should feel safe and subverts them, shifting the ground beneath our feet, until we're left clinging to the book, hoping against hope for a positive conclusion. There's something deeply unsettling about *The Magpies*—and that's exactly as it should be.” —Elizabeth Haynes, author of *Into the Darkest Corner* “*The Magpies* is absorbing, claustrophobic and terrifying.
