*Denied, Detained, Deported (Updated)* - Ann Bausum 2019-03-05

Ten years after its initial publication, award-winning author Ann Bausum writes a new introduction and afterword that reflects on how our past has influenced modern events and current views on the ever-relevant conversations about immigration in the United States. Award-winning author Ann Bausum makes the history of immigration in America come alive for young people. The story of America has always been shaped by people from all corners of the Earth who came in search of a better life. Immigration remains one of the critical topics in 21st century America, and how our children learn the lessons of the past will shape all our futures. Ann Bausum's compelling book presents a revealing series of snapshots from the dark side of immigration history including: Immigrants Denied: The St. Louis, a ship filled with Jewish refugees from Nazi Germany sought refuge in American ports and was turned away, condemning many of its passengers to ultimately perish in the Holocaust. Immigrants Detained: Japanese-Americans were rounded up during World War II and placed in detention centers--regardless of their patriotism--for security reasons. Immigrants Deported: Emma Goldman was branded a dangerous extremist and sent back to Russia in 1919, after living 30 years in the United States.

*Some Personal Stories of German Immigration to Australia since 1945* -

Ingrid Muenstermann 2015-05-30

This book deals with immigration processes of Germans who have arrived in Australia since 1945. It is an attempt to catch the voices of these people, to let them talk about their hopes, aspirations, achievements and disappointments. In 2010 notices were sent out all over Australia, asking 'Germans' (most of them Australians today) to write about their experiences, about challenges and positive happenings. The book contains 28 chapters written by German-born women and men from all walks of life, some came to Australia as children, some as adults, others talk about the lives of their immigrant parents, one person pays tribute to a partner he has lost recently, and who describes her impressions about university life in Germany and in Australia, another person looks back at twenty-three years in Australia and the fine line that divides him and the Australian people. Most, but not all, are success stories. This book also includes three chapters about organisations that provided a buffer zone for new arrivals in the 1950s, 1960s and 1970s: Club Harmony of Melbourne, the Club of the Danube Swabians in Adelaide, and the SA German Club. The final chapter is an interview with a person who had to flee Nazi Germany in 1938, with Ernie Salomon.

**Current Issues in Bilingualism** - Mark Leikin 2011-11-22

As populations become more mobile, so interest grows in bi- and multilingualism, particularly in the context of education. This volume focuses on the singular situation in Israel, whose complex multiculturalism has Hebrew and Arabic as official languages, English as an academic and political language, and tongues such as Russian and Amharic spoken by immigrants. Presenting research on bi- and trilingualism in Israel from a multitude of perspectives, the book focuses on four aspects of multilingualism and literacy in Israel: Arabic-Hebrew bilingual education and Arabic literacy development; second-language Hebrew literacy among immigrant children; literacy in English as a second/third language; and adult bilingualism. Chapters dissect findings on immigrant youth education, language impairment in bilinguals, and neurocognitive features of bilingual language processing. Reflecting current trends, this volume integrates linguistics, sociology, education, cognitive science, and neuroscience.

*Stories of Identity among Black, Middle Class, Second Generation Caribbeans* - Yndia S. Lorick-Wilmot 2017-08-29

This volume addresses how black, middle class, second generation Caribbean immigrants are often overlooked in contemporary discussions of race, black economic mobility, and immigrant communities in the US. Based on rich ethnography, Yndia S. Lorick-Wilmot draws attention to this persisting invisibility by exploring this generation's experiences in challenging structures of oppression as adult children of post-1965 Caribbean immigrants and as an important part of the African-American middle class. She recounts compelling stories from participants regarding their identity performances in public and private spaces—including what it means to be “black and making it in America”—as well as the race, gender, and class constraints they face as part of a larger transnational community.

**Immigration and Refugee Policy: Breakthroughs in Research and Practice** - Management Association, Information Resources 2019-06-07  
Unstable social climates are causing the displacement of large numbers of people around the world. Thus, the issue of safe replacement arises, causing the need for examining and improving the policies and strategies regarding immigration and helping these individuals integrate into new societies. *Immigration and Refugee Policy: Breakthroughs in Research and Practice* is an authoritative resource for the latest research on the challenges, risks, and policies of current relocation and refugee flows and security problems, in relation to these aspects of immigration. Additionally, techniques for assimilating immigrants into important foundations of society, such as educational programs and healthcare systems, is examined. Highlighting a range of pertinent topics such as civil protection, humanitarian aid, and the refugee resettlement process, this publication is an ideal reference source for policymakers, managers, academicians, practitioners, and graduate-level students interested in current immigrant and refugee policies.

*Human Rights in the Media* - Michelle Farrell 2019-01-03

This collection sets about untangling some of the knotty issues in the underexplored relationship between human rights and the media. We investigate how complex debates in political, judicial, academic and public life on the role and value of human rights are represented in the media, particularly, in print journalism. To focus the discussion, we concentrate on media representation of the controversial proposals in the United Kingdom to repeal the Human Rights Act 1998 and to replace it with a British Bill of Rights. The collection is underpinned by the observation that views on human rights and on the proposals to repeal and replace are polarised. On the one hand, human rights are presented as threatening and, therefore, utterly denigrated; on the other hand, human rights are idolised, and, therefore, uncritically celebrated. This is the 'fear and fetish' in our title. The media plays a decisive role in constructing this polarity through its representation of political and ideological viewpoints. In order to get to grips with the fear, the fetish and this complex interrelationship, the collection tackles key contemporary themes, amongst them: the proposed British Bill of Rights, Brexit, prisoner-voting, the demonisation of immigrants, press freedom, tabloid misreporting, trial by media and Magna Carta. The collection explores media representation, investigates media polarity and critiques the media's role.

*Handbook of Research on Reconceptualizing Preservice Teacher Preparation in Literacy Education* - Araujo, Juan J. 2021-12-17

As it stands, there is currently a void in education literature in how to best prepare preservice teachers to meet the needs of individualized learners across multiple learning platforms, social/economical contexts, language variety, and special education needs. The subject is in dire need of support for the ongoing improvement of administrative, clinical, diagnostic, and instructional practices related to the learning process. *The Handbook of Research on Reconceptualizing Preservice Teacher Preparation in Literacy Education* stimulates the professional development of preservice and inservice literacy educators and researchers. This book also promotes the excellence in preservice and inservice literacy both nationally and internationally. Discussing topics such as virtual classrooms, critical literacy, and teacher preparation, this book serves as an ideal resource for tenure-track faculty in literacy education, clinical faculty, field supervisors who work with preservice teacher educators, community college faculty, university faculty who are in the midst of reconceptualizing undergraduate teacher education curriculum, mentor teachers working with preservice teachers, district personnel, researchers, students, and curricula developers who wish to understand the needs of preservice teacher education.

*Dreamers* - Yuyi Morales 2018-09-04

We are resilience. We are hope. We are dreamers. Yuyi Morales brought her hopes, her passion, her strength, and her stories with her, when she came to the United States in 1994 with her infant son. She left behind nearly everything she owned, but she didn't come empty-handed. From the author-illustrator of *Bright Star*, *Dreamers* is a celebration of making your home with the things you always carry: your resilience, your dreams, your hopes and history. It's the story of finding your way in a new place, of navigating an unfamiliar world and finding the best parts of it. In dark times, it's a promise that you can make better tomorrows. This lovingly-illustrated picture book memoir looks at the myriad gifts migrants bring with them when they leave their homes. It's a story about family. And it's a story to remind us that we are all dreamers, bringing our own strengths wherever we roam. Beautiful and powerful at any time but given particular urgency as the status of our own *Dreamers* becomes uncertain, this is a story that is both topical and timeless. The lyrical text is complemented by sumptuously detailed illustrations, rich in symbolism. Also included are a brief autobiographical essay about Yuyi's own experience, a list of books that inspired her (and still do), and a description of the beautiful images, textures, and mementos she used to create this book. A parallel Spanish-language edition, *Soñadores*, is also available. Winner of the Pura Belpré Illustrator Award! **Immigrant Stories** - Cynthia Garcia Coll 2009-04-03

Immigrant Stories portrays the contexts and academic trajectories of development of three unique immigrant groups: Cambodian, Dominican and Portuguese. The children of immigrant families - or second generation youth - are the fastest growing population of school children in the US. However, very little is known about these children's academic and psychological development during middle childhood. We examine the previously under-explored intricacies of children's emerging cultural attitudes and identities, academic engagement, and academic achievement. These processes are studied alongside a myriad of factors in the family and school environment that combine to shape children's academic psychological functioning during this important period. Through a three-year longitudinal study, including interviews with teachers, parents and children, this book presents a fascinating look at the community, school, and family contexts of child development among second-generation children. Both pre-immigration and post-immigration characteristics are explored as critical factors for understanding children of immigrants' development. In the current climate of US immigration policy debate, we offer research findings that may inform educators and administrators about the sources of community strengths and challenges facing our newest immigrant generations.

**Immigrant Women Tell Their Stories** - Roni Berger 2013-12-16

“I felt like an alien who fell down to earth, not understanding the rules of the game, making all the possible mistakes, saying all the wrong things.” “Your whole life is in the hands of other people who do not always mean well and there is nothing you can do about it. They can decide to send you away and you have no control.” “The moment I enter the house, I shelve my American self and become the 'little obedient wife' that my husband wants me to be.” “The most difficult part is to find myself again. At the beginning I lost myself.” This jargon-free book documents and analyzes the experience of immigration from the female perspective. It discusses the unique challenges that women face, offers insights into the meanings of their experiences, develops gender-sensitive knowledge about immigration, and discusses implications for the effective development and provision of services to immigrant women. With fascinating case studies of immigration to the United States, Australia, and Israel as well as helpful lists of relevant organizations and Web site/Internet addresses, Immigrant Women Tell Their Stories is for everyone who wants to learn or teach about immigration, especially its female face. “It was like somebody sawed my heart in two. One part remained in Cuba and one part here.” Immigrant Women Tell Their Stories examines the nature of immigration for women through the eyes of those who have experienced it: how they perceive, interpret, and address the nature of the experience, its multiple aspects, the issues that it presents, and the strategies that immigrant women develop to cope with those issues. The women in this extraordinary book came from different spots around the globe, speak different languages and dialects, and their English comes in different accents. They vary in age as well as in cultural, ethnic, social, educational, and professional status. They represent a rainbow of family types and political opinions. In spite of their diversity, all these women share immigration experience. This book provides an understanding of the journeys they traveled and the experiences they lived to bring you new insights into what it means to immigrate as a woman and to frame effective strategies for working with—and for—immigrant women. “My father is the head of the house. When he decided to move to America [from India] my mother and us, the daughters, did not have much say. My mother and I were not happy at all, but it did not matter.” Immigrant Women Tell Their Stories provides you with historical and global perspectives on immigration and addresses: legal, political, economic, social, and psychological dimensions of immigration and its aftermath deconstructing immigration by age, gender, and circumstances major issues of immigrant women—language, mothering, relationships and marriage, finding employment, assimilation (how much and how soon), loneliness, and more resilience in immigrant women immigration from a lesbian perspective guidelines for the development and delivery of services to immigrant women “You may say that I am the bridge, the desert generation that lost the chance to have it my way. But I will do my best to raise my daughters to have more choices than I.” In this well-referenced book, immigrant women from Austria, Bosnia, Cuba, various

parts of the former Soviet Union, Guatemala, India, Israel, Lebanon, Mexico, Pakistan, and the Philippines tell us their stories, recount what their experiences entailed and what challenges they posed, and teach us ways to help them cope successfully. “This was the best decision we could have made and the best thing we had ever done.”

**Educating Immigrant Children** - Charles L. Glenn 2012-10-12

This comparative study surveys the educational policies and practices in response to language diversity in a dozen nations, and draws from them lessons for a more effective "whole-school" approach. Policies and practices are discussed in the context of political debate within the minority communities and in the wider society of each nation; the competing claims of integration and of language and cultural maintenance are taking widely differing forms in the nations studied and among the various minority communities. Perspectives from sociology, cultural anthropology, sociolinguistics, political science, and research on school effectiveness are brought to bear.

**The SAGE Handbook of Media and Migration** - Kevin Smets 2019-10-31

Migration moves people, ideas and things. Migration shakes up political scenes and instigates new social movements. It redraws emotional landscapes and reshapes social networks, with traditional and digital

media enabling, representing, and shaping the processes, relationships and people on the move. The deep entanglement of media and migration expands across the fields of political, cultural and social life. For example, migration is increasingly digitally tracked and surveilled, and national and international policy-making draws on data on migrant movement, anticipated movement, and biometrics to maintain a sense of control over the mobilities of humans and things. Also, social imaginaries are constituted in highly mediated environments where information and emotions on migration are constantly shared on social and traditional media. Both, those migrating and those receiving them, turn to media and communicative practices to learn how to make sense of migration and to manage fears and desires associated with cross-border mobility in an increasingly porous but also controlled and divided world. The SAGE Handbook of Media and Migration offers a comprehensive overview of media and migration through new research, as well as a review of present scholarship in this expanding and promising field. It explores key interdisciplinary concepts and methodologies, and how these are challenged by new realities and the links between contemporary migration patterns and its use of mediated processes. Although primarily grounded in media and communication studies, the Handbook builds on research in the fields of sociology, anthropology, political science, urban studies, science and technology studies, human rights, development studies, and gender and sexuality studies, to bring to the forefront key theories, concepts and methodological approaches to the study of the movement of people. In seven parts, the Handbook dissects important areas of cross-disciplinary and generational discourse for graduate students, early career researcher, migration management practitioners, and academics in the fields of media and migration studies, international development, communication studies, and the wider social science discipline. Part One: Keywords and Legacies Part Two: Methodologies Part Three: Communities Part Four: Representations Part Five: Borders and Rights Part Six: Spatialities Part Seven: Conflicts

**Encyclopedia of Educational Psychology** - Neil J. Salkind 2008-01-17

The field of educational psychology draws from a variety of diverse disciplines including human development across the life span, measurement and statistics, learning and motivation, and teaching. And within these different disciplines, many other fields are featured including psychology, anthropology, education, sociology, public health, school psychology, counseling, history, and philosophy. In fact, when taught at the college or university level, educational psychology is an ambitious course that undertakes the presentation of many different topics all tied together by the theme of how the individual can best function in an "educational" setting, loosely defined as anything from pre-school through adult education. Educational psychology can be defined as the application of what we know about learning and motivation, development, and measurement and statistics to educational settings (both school- and community-based).

**American Immigration: Our History, Our Stories** - Kathleen Krull 2020-06-16

Award-winning author Kathleen Krull takes an in-depth historical look at immigration in America—with remarkable stories of some of the immigrants who helped build this country. With its rich historical text, fascinating sidebars about many immigrants throughout time, an extensive source list and timeline, as well as captivating photos, *American Immigration* will become a go-to resource for every child, teacher, and librarian discussing the complex history of immigration. America is a nation of immigrants. People have come to the United States from around the world seeking a better life and more opportunities, and our country would not be what it is today without their contributions. From writers like Chimamanda Ngozi Adichie, to scientists like Albert Einstein, to innovators like Elon Musk, this book honors the immigrants who have changed the way we think, eat, and live. Their stories serve as powerful reminders of the progress we've made, and the work that is still left to be done.

**Handbook of Reading Research, Volume III** - Michael L. Kamil 2016-11-18

In Volume III, as in Volumes I and II, the classic topics of reading are included—from vocabulary and comprehension to reading instruction in the classroom—and, in addition, each contributor was asked to include a brief history that chronicles the legacies within each of the volume's many topics. However, on the whole, Volume III is not about tradition. Rather, it explores the verges of reading research between the time Volume II was published in 1991 and the research conducted after this date. The editors identified two broad themes as representing the myriad of verges that have emerged since Volumes I and II were published: (1)

broadening the definition of reading, and (2) broadening the reading research program. The particulars of these new themes and topics are addressed.

*Cinematic Social Studies* - William B. Russell 2017-01-01

Action! Film is a common and powerful element in the social studies classroom and *Cinematic Social Studies* explores teaching and learning social studies with film. Teaching with film is a prominent teaching strategy utilized by many teachers on a regular basis. *Cinematic Social Studies* moves readers beyond the traditional perceptions of teaching film and explores the vast array of ideas and strategies related to teaching social studies with film. The contributing authors of this volume seek to explain, through an array of ideas and visions, what cinematic social studies can/should look like, while providing research and rationales for why teaching social studies with film is valuable and important. This volume includes twenty-four scholarly chapters discussing relevant topics of importance to cinematic social studies. The twenty four chapters are divided into three sections. This stellar collection of writings includes contributions from noteworthy scholars like Keith Barton, Wayne Journell, James Damico, Cynthia Tyson, and many more.

**Handbook of Research on Promoting Social Justice for Immigrants and Refugees Through Active Citizenship and Intercultural Education** - Barreto, Isabel María Gómez 2021-06-11

Migration movements have been a constant in the societies of the past, as well as in postmodern society. However, in the past ten years, the increase in political, economic, and religious conflict amongst nations; the increase of the poverty index; and many and various natural disasters have duplicated the forced displacement of millions of people across the seven continents of the planet. This situation brings important challenges in terms of the vulnerability, inequity, and discrimination that certain peoples suffer. Professionals from the fields of the social sciences, education, psychology, and international law share the fact that education represents an opportunity for children and young migrants to become members with full rights in the societies they arrive in. Empirical studies show that the implementation of the right to education for migrants presents some challenges and dilemmas to the governments of host countries and more specifically to the education centers, NGOs, universities, and the professionals working in them, hence the need for more research on these issues of immigration, refugees, social justice, and intercultural education. The *Handbook of Research on Promoting Social Justice for Immigrants and Refugees Through Active Citizenship and Intercultural Education* provides visibility to issues such as the increase in migration and displacement and the difficulties in political agreements, educational contexts, and in cultural issues, stigmatization, vulnerability, social exclusion, racism, and hatred amongst host communities. This book gives possible solutions to this current complex situation and helps foster and promote sensitivity, perspective, and critical thinking for a respectful and tolerant coexistence and promotion of equity and social justice. The chapters promote cultural diversity and inclusion in classrooms by offering knowledge, strategies, and research on organizational development for educational institutions and multicultural environments. This book is essential for administrators, policymakers, leaders, teachers, practitioners, researchers, academicians, and students interested in the promotion of social justice in education for immigrants and refugees.

*Immigrant Voices, Volume 2* - Gordon Hutner 2015-06-02

A compelling collection of essays providing a comprehensive vision of immigration to the United States in the late twentieth and twenty-first centuries—the indispensable companion to *Immigrant Voices*. Filled with moving narratives by authors from around the world, *Immigrant Voices: Volume II* delivers a global and intimate look at the challenges modern immigrants confront. Their stories, told with pride, humor, trepidation, candor, and a touch of homesickness, offer rarely glimpsed perspectives on the difficult but ultimately rewarding quest to become an American. From the humorous experiences of Firoozeh Dumas, author of *Funny in Farsi*, to the poignant struggles of Oksana Marafioti, author of *American Gypsy*, this collection travels from Burundi to Afghanistan, Egypt to Havana, and Cambodia to Puerto Rico, to present incredible contemporary portraits of immigrants and illustrate that America is, and always will remain, a fresh and ever-changing melting pot. **Finding Refuge** - Victorya Rouse 2021-09-07

When you read about war in your history book or hear about it in the news, do you ever wonder what happens to the families and children in the places experiencing war? Many families in these situations decide that they must leave their homes to stay alive. What happens to them? According to the United Nations High Commissioner for Refugees, 70.8 million people around the world have been forced to leave their homes because of war or persecution as of 2019. Over fifty percent of these people are under the age of eighteen. English teacher Victorya Rouse has assembled a collection of real-world experiences of teen refugees from around the world. Learn where these young people came from, why they

left, and how they arrived in the United States. Read about their struggles to adapt to a new language, culture, and high school experiences, along with updates about how they are doing now and what they hope their futures will look like. As immigration has catapulted into the current discourse, this poignant collection emphasizes the United States' rich tradition of welcoming people from all over the world.

*The Other in the School Stories* - Ulrike Pesold 2017-03-27

Ulrike Pesold examines the portrayal of class, gender, race and ethnicity in selected school stories by Thomas Hughes, Rudyard Kipling, Enid Blyton and J.K. Rowling. She shows how the treatment of the Other develops over a period of a century and a half.
