Dasher - Michael C. Madden
2021-11-04

Kevin 'Dasher' Wheatley VC is one of the most extraordinary characters in Australian history. Dasher was a husband, father, champion footballer and one of the finest soldiers this country has ever produced. The story of his sacrifice is used by the ADF as a perfect example of valour and mateship to this day. Although he is one of the most famous Victoria Cross recipients of all time, his story has never been fully told. Until now. *Dasher: The Kevin Wheatley VC Story* was written with first-hand accounts from Dasher's family and the men who served and fought alongside him. It tells not only the story of an unlikely lad from the mean streets of Sydney, but that of a soldier whose death devastated the ranks of three armies and changed the way Australia dealt with the overseas loss of service people forever.

Everyone who met the man has a Dasher Wheatley story of larrikin behaviour, outstanding

soldiering, stunning valour, or all three. Forwarded by Keith Payne VC and featuring the 2021 investiture of Dasher's American Silver Star, an award 56 years in the making, this book also investigates other gallantry awards Wheatley qualified for but was never given.

In Defense of Housing - Peter Marcuse 2016-08-16

In every major city in the world there is a housing crisis. How did this happen and what can we do about it? Everyone needs and deserves housing. But today our homes are being transformed into commodities, making the inequalities of the city ever more acute. Profit has become more important than social need. The poor are forced to pay more for worse housing. Communities are faced with the violence of

displacement and gentrification. And the benefits of decent housing are only available for those who can afford it. In *Defense of Housing* is the definitive statement on this crisis from leading urban planner Peter Marcuse and sociologist David Madden. They look at the causes and

consequences of the housing problem and detail the need for progressive alternatives. The housing crisis cannot be solved by minor policy shifts, they argue. Rather, the housing crisis has deep political and economic roots—and therefore requires a radical response.
