Choose FI - Chris Mamula 2019-10

Now available for Pre-Order! A common resolution set at the beginning of a new year is to "get my financial house in order." But how can you build a house, let alone pour any kind of foundation, without a blueprint? There are dozens of books and gurus trying to push their advice and tell you how to spend and invest your money. And then, there are three suburban dads just trying to make the world a little bit better. Meet Brad Barrett and Jonathan Mendonsa of the award-winning ChooseFI podcast and Chris Mamula of the popular blog "Can I Retire Yet?". They have walked the talk and now want to share their knowledge with you. Together, these three regular guys will show you how they did something extraordinary. They are all financially independent and doing meaningful work that fulfills them. All three left their corporate 9 to 5

jobs and are reaping the benefits of extra time with their families. Mirroring the format of the popular ChooseFI podcast, this book pulls from the collective knowledge of those who have decided to build a lifestyle around their passions instead of allowing their finances to dictate their future. These stories demonstrate universal principles, giving you the opportunity to pick the elements that are the most applicable to your financial situation and "choose your own adventure." The book covers a wide range of topics that will help you build a strong financial foundation: Developing a growth mindset Defining your values and aligning them with your spending Cutting years from your estimated retirement date Questioning the status quo on "required expenses" Cutting travel expenses and putting family vacations within your reach Learning how to earn more and live with abundance Updating the commonly accepted wisdom on college education and the debt associated with it Cutting through the noise on investing to discover strategies that work Showing how to implement investment strategies that enable the lifestyle you desire while controlling downside risk FI or Financial Independence is the new debt-free and getting back to 0 is just the beginning of a wonderful journey. Whether you have mountains of debt now or are recently debt free and wondering what to do next, Choose FI: Your Blueprint to Financial Independence will give you the information to guide your next move.

How to Make an Apple Pie and See the World - Marjorie Priceman 2014-05-28

Illus. in full color. An apple pie is easy to make...if the market is open. But if the market is closed, the world becomes your grocery store. This deliciously silly recipe for apple pie takes readers around the globe to gather ingredients. First hop a steamboat to Italy for the finest semolina wheat. Then hitch a ride to England and hijack a cow for the freshest possible milk. And, oh yes! Don't forget to go apple picking in Vermont! A simple recipe for apple pie is included. "Libraries should consider purchasing multiple copies since every preschool and primary-grade teacher in town will want a copy to read."--(starred) Booklist.

Time to Catch Up - Jack Sutherland 2017-09-22
Everyone retires eventually, but not everyone is financially prepared for retirement. In fact, research shows that more than two-thirds of Americans of working age do not participate in an employer-sponsored retirement plan. You

may think that you can rely on Social Security, but it was never intended to replace preretirement income. It is only supposed to provide for basic living expenses. Jack Sutherland, who spent more than forty years as a commercial banker before retiring, outlines the challenges of saving for retirement and shares a you-centered retirement model that demonstrates the interrelationship of seven key strategies. One of the most dangerous actions you can take, he says, is to delegate all your personal financial planning to a financial adviser, a certified public accountant, an attorney, or any other trusted adviser. After all, your goals, aspirations, and dreams form the foundation of your plan not someone else's. If you have been trapped by inaction because of worries about family, career, or aging parents, stop making excuses. Set financial goals, and take steps to achieve them with the insights and strategies in *Time to Catch Up*.

The Charles Schwab Guide to Finances After Fifty - Carrie Schwab-Pomerantz 2014-04-01

Here at last are the hard-to-find answers to the dizzying array of financial questions plaguing those who are age fifty and older. The financial world is more complex than ever, and people are struggling to make sense of it all. If you're like most people moving into the phase of life where protecting—as well as growing—assets is paramount, you're faced with a number of financial puzzles. Maybe you're struggling to get your kids through college without drawing down your life's savings. Perhaps you sense your nest egg is at risk and want to move into safer investments. Maybe you're contemplating downsizing to a smaller home, but aren't sure of the financial implications. Possibly, medical expenses have become a bigger drain than you expected and you need help assessing options. Perhaps you'll shortly be eligible for social security but want to optimize when and how to take it. Whatever your specific financial issue, one thing is certain—your range of choices is vast. As the financial world becomes increasingly complex, what you need is deeply researched advice from professionals whose credentials are impeccable and who prize clarity and straightforwardness over financial mumbo-jumbo. Carrie Schwab-Pomerantz and the Schwab team have been helping clients tackle their toughest money issues for decades. Through Carrie's popular "Ask Carrie" columns, her leadership of the Charles Schwab Foundation, and her work across party lines through two White House administrations and with the President's Advisory Council on Financial Capability, she has become one of America's most trusted sources for financial advice. Here, Carrie will not only answer all the questions that keep you up at night, she'll provide answers to many questions you haven't considered but should.

Paying with Plastic, second edition - David S. Evans 2004-12-17

The definitive account of the trillion-dollar payment card industry. The payment card business has evolved from its inception in the 1950s as a way to handle payment for expense-account lunches (the Diners Club card) into today's complex, sprawling industry that drives trillions of dollars in transaction volume each year. Paying with Plastic is the definitive source on an industry that has revolutionized the way we borrow and spend. More than a history book, Paying with Plastic delivers an entertaining discussion of the impact of an industry that epitomizes the notion of two-sided markets: those in which two or more customer groups receive value only if all sides are actively engaged. New to this second edition, the two-sided market discussion provides useful insight into the implications of these market dynamics for cardholder rewards, merchant interchange fees, and card acceptance. The authors, both of whom have researched the industry for more than 25 years, also examine the implications of the recent antitrust cases on the industry as well as other business and technological changes—including the massive consolidation brought about by bank mergers, the rise of the debit card, and the emergence of e-commerce—that could alter the payment card industry dramatically in the years to come.
