But when Juan Ruiz proposes and promises to take her to New York City, she has to say yes. It doesn't matter that he is twice her age, that there is no love between them. Their marriage is an opportunity for her entire close-knit family to eventually immigrate. So on New Year's Day, 1965, Ana leaves behind everything she knows and becomes Ana Ruiz, a wife confined to a cold six-floor walk-up in Washington Heights. Lonely and miserable, Ana hatches a reckless plan to escape. But at the bus terminal, she is stopped by Cesar, Juan's free-spirited younger brother, who convinces her to stay. As the Dominican Republic slides into political turmoil, Juan returns to protect his family's assets, leaving Cesar to take care of Ana. Suddenly, Ana is free to take English lessons at a local church, lie on the beach at Coney Island, see a movie at Radio City Music Hall, go dancing with Cesar, and imagine the possibility of a different kind of life in America. When Juan returns, Ana must decide once again between her heart and her duty to her family. In bright, musical prose that reflects the energy of New York City, Angie Cruz's *Dominicana* is a vital portrait of the immigrant experience and the timeless coming-of-age story of a young woman finding her voice in the

The Invention of Ana - Mikkel Rosengaard 2018-02-13

A New York Times Paperback Row Editor's Choice Combining the infectious narration of Nick Hornby's *Funny Girl*, the philosophical lyricism of Roberto Bolaño's *The Savage Detectives*, and the mesmerizing power of Anna North's *The Life and Death of Sophie Stark*, a breathtaking debut, brimming with youthful brio and irresistible humor, that chronicles a young man's friendship with a most peculiar artist. On a rooftop in Brooklyn on a spring night, a young intern and would-be writer, newly arrived from Copenhagen, meets the intriguing Ana Ivan. Clever and funny, with an air of mystery and melancholia, Ana is a performance artist, a mathematician, and a self-proclaimed time traveler. She is also bad luck, she confesses; she is from a cursed Romanian lineage. Before long, the intern finds himself seduced by Ana's enthralling stories—of her unlucky countrymen; of her parents' romance during the worst years of Nicolae Ceaucescu's dictatorship; of a Daylight Savings switchover gone horribly wrong. Ana also introduces him to her latest artistic endeavor. Following the astronomical rather than the Gregorian calendar, she is trying to alter her sense of time—an experiment that will lead her to live in complete darkness for one month. Descending into the blackness with Ana, the intern slowly loses touch with his own existence, entangling himself in the lives of Ana, her starry-eyed mother Maria, and her raging math-prodigy father Ciprian. Peeling back the layers of her past, he eventually discovers the perverse tragedy that has haunted Ana's family for decades and shaped her journey from the streets of Bucharest to the Atlas Mountains of Morocco and finally to New York City. *The Invention of Ana* blurs the lines between narrative

and memory, perception and reality, identity and authenticity. In his stunning debut novel, Mikkel Rosengaard illuminates the profound power of stories to alter the world around us—and the lives of the ones we love.

Rachel DeLoache Williams's new friend Anna Delvey, a self-proclaimed German heiress, was worldly and ambitious. She was also generous—picking up the tab for lavish dinners at *Le Coucou*, infrared sauna sessions at *HigherDOSE*, drinks at the 11 Howard Library bar, and regular workout sessions with a celebrity personal trainer. When Anna proposed an all-expenses-paid trip to Marrakech at the five-star *La Mamounia* hotel, Rachel jumped at the chance. But when Anna's credit cards mysteriously stopped working, the dream vacation quickly took a dark turn. Anna asked Rachel to begin fronting costs—first for flights, then meals and shopping, and, finally, for their \$7,500-per-night private villa. Before Rachel knew it, more than \$62,000 had been charged to her credit cards. Anna swore she would reimburse Rachel the moment they returned to New York. Back in Manhattan, the repayment never materialized, and a shocking pattern of deception emerged. Rachel learned that Anna had left a trail of deceit—and unpaid bills—wherever she'd been. Mortified, Rachel contacted the district attorney, and in a stunning turn of events, found herself helping to bring down one of the city's most notorious con artists. With breathless pacing and in-depth reporting from the person who experienced it firsthand, *My Friend Anna* is an unforgettable true story of “glamour, greed, lust for power” (*The New York Times*), and female friendship.

A fresh, joyful YA novel that is layered with themes of immigration, cultural identity, and finding your voice in any language. Sixteen-year-old Ana is a poet and a lover of language. Except that since she moved to New Jersey from Argentina, she can barely find the words to express how she feels. At first Ana just wants to return home. Then she meets Harrison, the very cute, very American boy in her math class, and discovers the universal language of racing hearts. But when she begins to spend time with Neo, the Greek Cypriot boy from ESL, Ana wonders how figuring out what her heart wants can be even more confusing than the grammar they're both trying to master. After all, the rules of English may be confounding, but there are no rules when it comes to love. With playful and poetic breakouts exploring the idiosyncrasies of the English language, *Love in English* is witty and effervescent, while telling a beautifully observed story about what it means to become "American."

Crosstalk - Connie Willis 2016-10-04

Wodehouse in *Crosstalk*—a genre-bending novel that pushes social media, smartphone technology, and twenty-four-hour availability to hilarious and chilling extremes as one young woman abruptly finds herself with way more connectivity than she ever desired. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR In the not-too-distant future, a simple outpatient procedure to increase empathy between romantic partners has become all the rage. And Briddey Flannigan is delighted when her boyfriend, Trent, suggests undergoing the operation prior to a marriage proposal—to enjoy better emotional connection and a perfect relationship with complete communication and understanding. But things don't quite work out as planned, and Briddey finds herself connected to someone else entirely—in a way far beyond what she signed up for. It is almost more than she can handle—especially when the stress of managing her all-too-eager-to-communicate-at-all-times family is already burdening her brain. But that's only the beginning. As things go from bad to worse, she begins to see the dark side of too much information, and to realize that love—and communication—are far more complicated than she ever imagined. Praise for *Crosstalk* "A rollicking send-up of obsessive cell phone usage in too-near-future America . . . [Connie] Willis's canny incorporation of scientific lore, and a riotous cast . . . make for an engaging girl-finally-finds-right-boy story that's unveiled with tact and humor. Willis juxtaposes glimpses of claimed historical telepaths with important reflections about the ubiquity of cell phones and the menace that unscrupulous developers of technology pose to privacy, morality, and emotional stability."—Publishers Weekly "An exhilarating and laugh-inducing read . . . one of those rare books that will keep you up all night long because you can't bear to put it down."—Portland Book Review "A fun technological fairy tale."—BookPage "One of the funniest SF novels in years."—Locus

Diary of an Oxygen Thief - Anonymous 2016-05-23

Hurt people hurt people. Say there was a novel in which Holden Caulfield was an alcoholic and Lolita was a photographer’s assistant and, somehow, they met in Bright Lights, Big City. He’s blinded by love. She by ambition. *Diary of an Oxygen Thief* is an honest, hilarious, and heartrending novel, but above all, a very realistic account of what we do to each other and what we allow to have done to us.

Perfect - Natasha Friend 2010-01-01

Depicting with humor and insight the pressure to be outwardly perfect, this novel for ages 10-13 shows how one girl develops compassion for her own and others’ imperfections. For 13-year-old Isabelle Lee, whose father has recently died, everything’s normal on the outside. Isabelle describes the scene at school with bemused accuracy--the self-important (but really not bad) English teacher, the boy that is constantly fixated on Ashley Barnum, the prettiest girl in class, and the dynamics of the lunchroom, where tables are turf in a all-eyes-open awareness of everybody’s relative social position. But everything is not normal, really. Since the death of her father, Isabelle’s family has only functioned on the surface. Her mother, who used to take care of herself, now wears only lumpy, ill-fitting clothes, cries all night, and has taken every picture of her dead husband and put them under her bed. Isabelle tries to make light of this, but the underlying tension is expressed in overeating and then binging. As the novel opens, Isabelle’s little sister, April, has told their mother about Isabelle’s problem. Isabelle is enrolled in group therapy. Who should show up there, too, but Ashley Barnum, the prettiest, most together girl in class.

No Country for Old Men - Cormac McCarthy 2007-11-29

From the bestselling, Pulitzer Prize-winning author of *The Road* comes a “profoundly disturbing and gorgeously rendered” novel (*The Washington Post*) that returns to the Texas-Mexico border, setting of the famed *Border Trilogy*. The time is our own, when rustlers have given way to drug-runners and small towns have become free-fire zones. One day, a good old boy named Llewellyn Moss finds a pickup truck surrounded by a bodyguard of dead men. A load of heroin and two million dollars in cash are still in the back. When Moss takes the money, he sets off a chain reaction of catastrophic violence that not even the law—in the person of aging, disillusioned Sheriff Bell—can contain. As Moss tries to evade his pursuers—in particular a mysterious mastermind who flips coins for human lives—McCarthy simultaneously strips down the American crime novel and broadens its concerns to encompass themes as ancient as the Bible and as bloodily contemporary as this morning’s headlines. *No Country for Old Men* is a triumph. Look for Cormac McCarthy’s new novel, *The Passenger*.

Being Ana - Shani Raviv 2017-07-11

Shani Raviv is a misfit teen whose peer-pressured diet spirals down into full-blown anorexia nervosa—something no one in her early-nineties, local South African community knows anything about. Fourteen-year-old Shani spends the next six years being “Ana” (as many anorexics call it), on the run from her feelings. She goes from aerobics addict to Israeli soldier to rave bunny to wannabe reborn, using sex, drugs, exercise and, above all, starvation, to numb out everything along the way. But one night, at age twenty, Shani faces the rude awakening that if she doesn’t slow down, break her denial, and seek help, she will starve to death. Three years later, her hardest journey of all begins: the journey to let go of being Ana and learn to love herself. *Being Ana* is an exploration into the soul and psyche of a young woman wrestling with anorexia’s demons—one that not only exposes the real horrors of a day in the life of an anorexic girl but also reveals the courage it takes to stop fighting and find healing.

Eating Disorders Anonymous - Eating Disorders Anonymous (EDA) 2016-11-21

Eating Disorders Anonymous: The Story of How We Recovered from Our Eating Disorders presents the accumulated experience, strength, and hope of many who have followed a Twelve-Step approach to recover from their eating disorders. *Eating Disorders Anonymous (EDA)*, founded by sober members of *Alcoholics Anonymous (AA)*, have produced a work that emulates the “Big Book” in style and substance. EDA respects the pioneering work of AA while expanding its Twelve-Step message of hope to include those who are religious or seek a spiritual solution, and for those who are not and may be more comfortable substituting “higher purpose” for the traditional “Higher Power.” Further, the EDA approach embraces the development and maintenance of balance and perspective, rather than abstinence, as the goal of recovery. Initial chapters provide clear directions on how to establish a foothold in recovery by offering one of the founder’s story of hope, and collective voices tell why EDA is

suitable for readers with any type of problem eating, including: anorexia nervosa, bulimia, binge eating, emotional eating, and orthorexia. The text then explains how to use the Twelve Steps to develop a durable and resilient way of thinking and acting that is free of eating disordered thoughts and behaviors, including how to pay it forward so that others might have hope of recovery. In the second half of the text, individual contributors share their experiences, describing what it was like to have an eating disorder, what happened that enabled them to make a start in recovery, and what it is like to be in recovery. Like the "Big Book," these stories are in three sections: Pioneers of EDA, They Stopped in Time, and They Lost Nearly All. Readers using the Twelve Steps to recover from other issues will find the process consistent and reinforcing of their experiences, yet the EDA approach offers novel ideas and specific guidance for those struggling with food, weight and body image issues.

Letters of support from three, highly-regarded medical professionals and two, well-known recovery advocates offer reassurance that EDA's approach is consistent with that supported by medical research and standards in the field of eating disorders treatment. Intended as standard reading for members who participate in EDA groups throughout the world, this book is accessible and appropriate for anyone who wants to recover from an eating disorder or from issues related to food, weight, and body image.
