Palm Beach, Finland - Antti Tuomainen 2018-08-30

DIV***Shortlisted for the CrimeFest Last Laugh Award*** ***Book of the Year in The Times*** Things don't go entirely to plan when undercover ace detective Jan Nyman is sent to the 'hottest beach in Finland' to investigate a suspicious death. Fargo meets Baywatch in a mesmerising, poignant dark-comedy thriller by the King of Helsinki Noir 'A roller-coaster read and extraordinarily poignant' Guardian 'Tuomainen is the funniest writer in Europe' Marcel Berlins, The Times 'Right up there with the best' TLS

----- Sex, lies and ill-fitting swimwear ... Sun Protection Factor 100 Jan Nyman, the ace detective of the covert operations unit of the National Central Police, is sent to a sleepy seaside town to investigate a mysterious death. Nyman arrives in the town dominated by a bizarre holiday village - the 'hottest beach in Finland'. The suspect: Olivia Koski, who has only recently returned to her old hometown. The mission: find out what happened, by any means necessary. With a nod to Fargo, and dark noir, Palm Beach Finland is both a page-turning thriller and a black comedy about lust for money, fleeing dreams and people struggling at turning points in their lives - chasing their fantasies regardless of reason.

----- 'Inspired meld of crime and dark comedy ... Colourful characters and awkward situations, as when Nyman becomes a person of interest to the locals, enhance the zany plot. Tim Dorsey fans will have fun' Publishers Weekly 'A sort of Fargo in Finland, if you can imagine such a thing' Crime Reads 'Finnish criminal chucklemeister Tuomainen is channelling Carl Hiaasen in this hilarious novel set in a bizarre Florida-style beach resort on Finland's chilly shore. There are comically inept dim-crim, inventive psychos, a hot babe and even a blow-up pink flamingo - which is a lot for ace detective Jan Nyman to deal with when he arrives, undercover, to investigate a mysterious death' Sunday Times 'Tuomainen's crime comedy is frequently compared to Fargo-era Coen Brothers, but Florida's Carl Hiaasen is likely a strong influence too ... A full-blooded, off-kilter caper-gone-wrong that also serves as an acerbic commentary on the crime genre' Irish Times 'A tightly paced Scandinavian thriller with a wicked sense of humour' Foreword Reviews 'Like Fargo before it, unfortunate events take place and people get in over their heads ... The off kilter, black comedy tone is perfect for such a far-fetched story, guaranteeing plenty of spontaneous bouts of laughter' CultureFly 'You'll laugh, you'll cry with laughter, what is there not to like? Welcome to a classic new holiday resort!' Crime Time 'A quirky, smirky, entertaining slice of fabulous ... A wonderful wave of dark humour rolls through this novel gathering raised eyebrows and snorts'

LoveReading 'Antti Tuomainen always steps into the new with each novel and Palm Beach Finland, in this assured translation by David Hackston, takes a Finnish slice from the comic, crazy, greedy, crime world of the likes of Get Shorty or Fargo. Where will Tuomainen's imagination take us next? I don't know but before that - read this one. Absolutely recommended' EuroCrime 'Tuomainen is one of those authors whose books

are an automatic must-read, so pick up or download a copy as soon as you can' Crime Fiction Lover/div *The United States Army and Navy Journal and Gazette of the Regular and Volunteer Forces* - 1877

The Cult of Smart - Fredrik deBoer 2020-08-04

Named one of Vulture's Top 10 Best Books of 2020! Leftist firebrand Fredrik deBoer exposes the lie at the heart of our educational system and demands top-to-bottom reform. Everyone agrees that education is the key to creating a more just and equal world, and that our schools are broken and failing. Proposed reforms variously target incompetent teachers, corrupt union practices, or outdated curricula, but no one acknowledges a scientifically-proven fact that we all understand intuitively: Academic potential varies between individuals, and cannot be dramatically improved. In *The Cult of Smart*, educator and outspoken leftist Fredrik deBoer exposes this omission as the central flaw of our entire society, which has created and perpetuated an unjust class structure based on intellectual ability. Since cognitive talent varies from person

to person, our education system can never create equal opportunity for all. Instead, it teaches our children that hierarchy and competition are natural, and that human value should be based on intelligence. These ideas are counter to everything that the left believes, but until they acknowledge the existence of individual cognitive differences, progressives remain complicit in keeping the status quo in place. This passionate, voice-driven manifesto demands that we embrace a new goal for education: equality of outcomes. We must create a world that has a place for everyone, not just the academically talented. But we'll never achieve this dream until the Cult of Smart is destroyed.

The Challenge of Crime in a Free Society - United States. President's Commission on Law Enforcement and Administration of Justice 1967

This report of the President's Commission on Law Enforcement and Administration of Justice -- established by President Lyndon Johnson on July 23, 1965 -- addresses the causes of crime and delinquency and recommends how to prevent crime and delinquency and improve law enforcement and the administration of criminal justice. In developing its findings and recommendations, the Commission held three national conferences, conducted five national surveys, held hundreds of meetings, and interviewed tens of thousands of individuals. Separate chapters of this report discuss crime in America, juvenile delinquency, the police, the courts, corrections, organized crime, narcotics and drug abuse, drunkenness offenses, gun control, science and technology, and research as an instrument for reform. Significant data were generated by the Commission's National Survey of Criminal Victims, the first of its kind conducted on such a scope. The survey found that not only do Americans experience far more crime than they report to the police, but they talk about crime and the reports of crime engender such fear among citizens that the basic quality of life of many Americans has eroded. The core conclusion of the Commission, however, is that a significant reduction in crime can be achieved if the Commission's recommendations (some 200) are implemented. The recommendations call for a cooperative attack on crime by the Federal Government, the States, the counties, the cities, civic organizations, religious institutions, business groups, and individual citizens. They propose basic changes in the operations of police, schools, prosecutors, employment agencies, defenders, social workers, prisons, housing authorities, and probation and parole officers.

Ask a Mexican - Gustavo Arellano 2007-05-07

From award-winning columnist and favorite talking head Gustavo Arellano, comes this explosive, irreverent, smart, and hilarious Los Angeles Times bestseller. *Ask a Mexican!* is a collection of questions and answers from Gustavo Arellano that explore the clichés of lowriders, busboys, and housekeepers; drunks and scoundrels; heroes and celebrities; and most important, millions upon millions of law-abiding, patriotic American citizens and their illegal-immigrant cousins who represent some \$600 billion in economic power. At a strong eighteen percent of the U.S. population, Latinos have become America's largest minority—and Mexicans make up a large part of that number. Gustavo confronts the bogeymen of racism, xenophobia, and ignorance prompted by such demographic changes through answering questions put to him by readers of his *Ask a Mexican!* column in California's OC Weekly. He challenges readers to find a more entertaining way to understand Mexican culture that doesn't involve a taco-and-enchilada combo. From lighter topics like Latin pop and great Mexican food to more serious issues like immigration and race relations, *Ask a Mexican!* runs the gamut. Why do Mexicans call white people gringos? Are all Mexicans Catholic? What's the best tequila? Gustavo answers a wide range of legitimate and illegitimate questions, in the hopes of making a few readers angry, making most of us laugh, sparking a greater dialogue, and enhancing cross-cultural understanding.

crime stories, from Chinatown to LA Confidential."—Dick Wolf, creator of Law & Order An incredible debut from up-and-coming author Joseph Schneider. And when Detective Tully Jarsdel is called to the scene, it's clear to him that something about the placement of the corpse is intentional, even ritualistic. Jarsdel isn't a classic noir detective, but his former career in academia seems to finally be coming in handy, rather than serving as material for jokes from his partner, Morales. But nothing Jarsdel learned in school can prepare him for the deep evil behind this case, which appears to be as hopeless as it is violent. As Jarsdel and Morales attempt to settle their differences and uncover the motive behind the horrendous crime, they find themselves dragged into the underbelly of a city notorious for chewing up and spitting out anyone dumb enough to turn their back on survival. One Day You'll Burn is a shimmering debut that captures the glitz and squalor of Los Angeles while introducing an unforgettable detective readers will rank among the best in the genre. Pre-Incident Indicators of Terrorist Incidents - Brent L. Smith 2011-01

This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process

for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

The Cailiffs of Baghdad, Georgia: A Novel - Mary Helen Stefaniak 2011-09-19

A hidden history of the South emerges when a worldly teacher leads Threestep, GA, to reinvent itself, setting in motion events that lead to triumph and tragedy for the black teenager who happens to be the smartest person in Piedmont County, Georgia, in 1938-39. As an epigraph from The Souls of Black Folk by W. E. B. Du Bois reminds us at the start of this novel, "Throughout history, the powers of single black men flash here and there like falling stars, and die sometimes before the world has rightly gauged their brightness." Protagonist Theo Boykin is a genius, an artist, an inventor, a Leonardo DaVinci-type, whose talents are sought after by local blacks and whites alike, but even this is not enough to save him. He falls victim to "the tragedy of ignorance and the damage caused by fear," in the words of poet Rita Dove—the first African American to serve as U.S. Poet Laureate and a member of the jury that conferred on The Cailiffs of Baghdad, Georgia the 2011 Anisfield-Wolf Award for books that "make a significant contribution to our understanding of racism and our appreciation for the diversity of human cultures." You won't forget Theo Boykin, nor will you forget his friends the Cailiffs, especially Gladys, who tells this story with love and bewilderment, and the teacher, Miss Spivey, who changes all their lives.
