**Quran** - Talal Itani 2014-08-17  
Perhaps the best Quran English translation. It is clear, easy to read, and very faithful to the Arabic original. It closely follows the Arabic text, and often reminds the reader of the Arabic original. It uses today's English language, and today's English vocabulary, thus it is easy to read and understand. The flow is smooth, the sentence structure is simple, the meaning is clear. This Quran translation has no interpretations, no footnotes, and no explanations. It is a pure translation of the Quran, from Arabic to English, and it does not try to emphasize any school of thought. The text purely and accurately translates the Holy Quran, from Arabic, into contemporary English. It was translated by a Muslim, who saw firsthand the miracles inside the Quran. His

native language is Arabic; his everyday language is American English. For 15 years, he studied the Quran. For many years, he translated speech between his mother and his wife. For a living, he develops quality software. This Quran translation is available in two editions. This edition (A) uses the word "Allah" to refer to the Creator. Edition (B) uses the word "God". Quran Sura 91. The Sun. ash-Shams. In the name of Allah, the Gracious, the Merciful. 1. By the sun and its radiance. 2. And the moon as it follows it. 3. And the day as it reveals it. 4. And the night as it conceals it. 5. And the sky and He who built it. 6. And the earth and He who spread it. 7. And the soul and He who proportioned it. 8. And inspired it with its wickedness and its righteousness. 9. Successful is he who purifies it. 10. Failing is he who corrupts it. 11. Thamood denied in its pride. 12. When it followed its most wicked. 13. The messenger of Allah said to them, "This is the she-camel of Allah, so let her drink." 14. But they called him

a liar, and hamstrung her. So their Lord crushed them for their sin, and leveled it. 15. And He does not fear its sequel. The Quran is the last Book from the Creator. It contains guidance, mercy, and healing. The Quran is a blessing, within reach.

Five Meters of Time -  
2020-05-10

What happens if the world unexpectedly stands still for a moment? If, just like that, you are given a bit of time by sheer luck? This is exactly what happens in one of the biggest and busiest cities of the world, as a small snail crosses the street and makes traffic stop for half a day. A book about things that you always wanted to do but never had the time for. Reviews"charming"-Kirkus Reviews"A proposal to improve the world"-Westfälische Nachrichten"humorous"-Ehrensens"interesting not just in its story or its message, but also in how it delivers that message. The colors and backgrounds have a rich sense of texture, unlike the majority of children's books."-ForeWord Clarion Reviews"fabulous"-Spiegel Online"A creative bedtime story, which is also

suitable for stressed adults. [...]  
In the bustle of the city, the animals seize the moment and become aware of how beautiful life can be without stress and hustle."-Designers in Action"sets out to demonstrate what can happen when we're true to ourselves, when we seize our day, when we live in the present, when we actually feel and enjoy the weather, when we are spontaneous, when we break from routine, when we defy expectation, and how these rather small acts of joy can inspire others"-Amazon.com Customer Review"beautiful"-Geizkragen"The story of a little snail who triggers big changes."-Münstersche Zeitung Latino Politics En Ciencia Politica - Tony Affigne 2014-04-25  
More than 53 million Latinos now constitute the largest, fastest-growing, and most diverse minority group in the United States, and the nation's political future may well be shaped by Latinos' continuing political incorporation. In the 2012 election, Latinos proved

to be a critical voting bloc in both Presidential and Congressional races; this demographic will only become more important in future American elections. Using new evidence from the largest-ever scientific survey addressed exclusively to Latino/Hispanic respondents, *Latino Politics en Ciencia Política* explores political diversity within the Latino community, considering how intra-community differences influence political behavior and policy preferences. The editors and contributors, all noted scholars of race and politics, examine key issues of Latino politics in the contemporary United States: Latino/a identities (latinidad), transnationalism, acculturation, political community, and racial consciousness. The book contextualizes today's research within the history of Latino political studies, from the field's beginnings to the present, explaining how systematic analysis of Latino political behavior has over time become integral to the study of

political science. *Latino Politics en Ciencia Política* is thus an ideal text for learning both the state of the field today, and key dimensions of Latino political attitudes.

Reading Max Weber's Sociology of Law - Hubert Treiber 2020-08-20  
Reading Max Weber's Sociology of Law serves both as an introduction and as a distillation of more than thirty years of reading and reflection on Weber's scholarship. It provides a solid and comprehensive introduction to Weber and sets out his main concepts. Drawing on recent research in the history of law, this book also presents and critiques the process by which the law was rationalized and which Weber divided into four ideal-typical stages of development. Hubert Treiber provides commentary in a manner informed both historically and sociologically. The book explores Weber's concepts in relation to the creation of laws between secular the religious powers. The book goes on to examine the codifications that were undertaken by Prussian

absolutism and Napoleon in the Code Civil. It further covers Weber's thoughts on antiformal legal tendencies, issues that are still prevalent in law today. This text is no mere reiteration of Weber's concepts. The volume contextualizes Weber's work in the light of current research, setting out to amend misinterpretations and misunderstandings that have prevailed from Weber's original texts. Treiber's introduction is much more than a simple guide through a complicated text. It is an important work in its own right and critical for any student of the sociology of law.

**Atomic Habits** - James Clear  
2018-10-16

The #1 New York Times bestseller. Over 4 million copies sold! Tiny Changes, Remarkable Results No matter your goals, Atomic Habits offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and

master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault

to the top of their field. Learn how to: make time for new habits (even when life gets crazy); overcome a lack of motivation and willpower; design your environment to make success easier; get back on track when you fall off course; ...and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits-- whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.

The Great Impersonation - E.

Phillips Oppenheim 2004-10  
The trouble from which great events were to come began when Everard Dominey, who had been fighting his way through the scrub for the last three quarters of an hour towards those thin, spiral wisps of smoke, urged his pony to a last despairing effort and came crashing through the great oleander shrub to pitch forward on his head in the little clearing. It developed the next morning, when he found himself for the first time for many months on the truckle bed, between linen sheets, with a cool, bamboo-twisted roof between him and the relentless sun. He raised himself a little in the bed. "Where the mischief am I?" he demanded. A black boy, seated cross-legged in the entrance of the banda, rose to his feet, mumbled something and disappeared. In a few moments the tall, slim figure of a European, in spotless white riding clothes, stooped down and came over to Dominey's side.

**The Bone Forge** - Max Ingram 2012-04-04

"...all that I am, all my weakness, it is my crucible, my fire, my inferno, by which I am burned alive in glory." - excerpt from the poem 'Bone

Forge' (pg 24). In this collection of poetry, the author explores the concepts of death, transcendence and transformation. He plumbs the depths of the human soul, laying bare his many faults and failings, exposing his weaknesses with painful honesty, and seeking as ever to illustrate an important chapter in the story of the human experience. Forty-two of his most powerful and evocative works are collected here, brought to readers for the first time in a beautiful volume with cover illustration provided by the talented fantasy artist Ryan Wardlow.

*Max Opposite - Meldon J. Wright 2012-02-01*

Max Opposite What do you do when you can't control what you do, When your brain behaves in mysterious ways, When you're only 13, And discover your life is a lie? What do you do, When your search for the truth, Plunges you into a nightmare? "Max has it all: action, adventure, international settings, a touch of romance and a sci-fi tilt. Great read for all ages." - A. H. (Auckland, New Zealand) "Rachel, do you dream?" "Of course I do. Everyone does." "Do you always have the same dream?" "Ah, no, that'd be pretty weird." "I thought so." "So what's this about, Max?" "I have the same dream every single night. Always have, for as long as I can remember." "That's definitely not normal. Even recurring dreams don't stay

forever." "Fast moving with a clever plot. Max kept me completely involved. Thoroughly enjoyable...waiting for the next episode." - J. G. (Sydney, Australia) "Max makes Harry Potter look wimpy! Great characters and an absolutely fantastic story." - P. L. (South Carolina, U.S.A.) Max  
Opposite Every morning, thirteen year old Max wakes from the same dream, scans his bedroom and waits for his memories to return. Every morning, when they do, he takes a deep breath and prepares for another day of humiliating events: Nicknamed 'Opposite' at school, Max is known for bizarre and inexplicable behaviour. Tired of being the fool, Max begins to

question his purpose in life. What is wrong with him? Why does his mother keep secrets from him? Where does she secretly go at night? With the help of Rachel, his only friend, Max sets out to find the answers, and is quickly drawn into a world of danger far beyond any of the problems faced at school. Soon he and Rachel find themselves at odds with one of the most ruthless and wealthy criminal masterminds the world has ever known. In an international battle for survival, Max is forced to face the truth about himself, and soon realises that it's not easy being thirteen and discovering that your whole life has been a lie. It's not easy being Max Opposite.
