Author and Miata expert Keith Tanner has been modifying, repairing, building, and racing Miatas for years, and he will guide you through how to best modify your car to suit your needs, starting with an explanation on how everything works and how the various parts will interact. You'll not only learn what upgrades will

help you reach your goals, but also how to adjust or modify what you have to make your car work at its best. From autocross to cross-country touring, the Miata can do it all. Keith Tanner tells you how to make it happen!

Start-up Nation - Dan Senor 2011-09-07

START-UP NATION addresses the trillion dollar question: How is it that Israel-- a country of 7.1 million, only 60 years old, surrounded by

enemies, in a constant state of war since its founding, with no natural resources-- produces more start-up companies than large, peaceful, and stable nations like Japan, China, India, Korea, Canada and the UK? With the savvy of foreign policy insiders, Senor and Singer examine the lessons of the country's adversity-driven culture, which flattens hierarchy and elevates informality-- all backed up by government policies focused on innovation. In a world where economies as diverse as Ireland, Singapore and Dubai have tried to re-create the "Israel effect", there are entrepreneurial lessons well worth noting. As America reboots its own economy and can-do spirit, there's never been a better time to look at this remarkable and resilient nation for some impressive, surprising clues.

Spell of Intrigue - Mayer Alan Brenner

2011-11-09

Fantasy takes a “zany and very, very clever” turn in the second Dance of Gods adventure from the author of Spell of Catastrophe (Kliatt). The port town of Oolsmouth used to be a quiet, peaceful trading city. But with Maximillian the Vaguely Disreputable, Shaa, the Great Karlini, and the Creeping Sword all about to converge there, it seems unlikely to stay that way. The usual power struggles—gods vs. mortals vs. gods-know-who in the everlasting Dance of Gods—are brewing in Oolsmouth, and tension is building. But the ship carrying Shaa and the Great Karlini into town has been hijacked, the Creeping Sword has already missed the boat (literally), and Max has taken a detour to try to discover the secrets of a hopefully long-dead sorcerer. These delays have got everyone wondering: will they make it to Oolsmouth in time for the showdown? More importantly: do they want to? “A lot of confusion, mayhem, action and adventure—but better yet, a sense of

the humorous that doesn’t rely on puns.”

—Bakka Bookie Sheet “Brenner writes in a quick-paced style which perfectly matches his plot twists . . . A book rich in people, places and complications and one which is enjoyable either by itself or in tandem with the first in the series.” —Quantam
