The Cartiers - Francesca Cartier Brickell 2021-06-08

"A dynamic group biography studded with design history and high-society dash . . . [This] elegantly wrought narrative bears the Cartier hallmark."—The Economist The "astounding" (André Leon Talley) story of the family behind the Cartier empire and the three brothers who turned their grandfather's humble Parisian jewelry store into a global luxury icon—as told by a great-granddaughter with exclusive access to long-lost family archives "Ms. Cartier Brickell has done her grandfather proud."—The Wall Street Journal The Cartiers is the revealing tale of a jewelry dynasty—four generations, from revolutionary France to the 1970s. At its heart are the three Cartier brothers whose motto was "Never copy, only create" and who made their family firm internationally famous in the early days of the twentieth century, thanks to their unique and complementary talents: Louis, the visionary designer who created the first men's wristwatch to help an aviator friend tell the time without taking his hands off the controls of his flying machine; Pierre, the master dealmaker who bought the New York headquarters on Fifth Avenue for a double-stranded natural pearl necklace; and Jacques, the globe-trotting gemstone expert whose travels to India gave Cartier access to the world's best rubies, emeralds, and sapphires, inspiring the celebrated Tutti Frutti jewelry. Francesca Cartier Brickell, whose great-grandfather was the youngest of the brothers, has traveled the world researching her family's history, tracking down those connected with her ancestors and discovering long-lost pieces of the puzzle along the way. Now she reveals never-before-told dramas, romances, intrigues, betrayals, and more. The Cartiers also offers a behind-the-scenes look at the firm's most iconic jewelry—the notoriously cursed Hope Diamond, the Romanov emeralds, the classic panther pieces—and the long line of stars from the worlds of fashion, film, and royalty who wore them, from Indian maharajas and Russian grand duchesses to Wallis Simpson, Coco Chanel, and Elizabeth Taylor. Published in the two-

hundredth anniversary year of the birth of the dynasty's founder, Louis-François Cartier, this book is a magnificent, definitive, epic social history shown through the deeply personal lens of one legendary family.

Chrysler TorqueFlite A-904 & A-727 - Tom Hand 2017-10-16

The A-904 and A-727, debuting in 1960 and 1962, respectively, are 3-speed automatic Chrysler TorqueFlite Transmissions. In Mopar circles, they have become synonymous with strength, durability, and performance. In fact, 43 years after its first application, A-904s were still found in the Jeep lineup! TorqueFlites are known for their dependability, but many have endured a tremendous amount of abuse over 50-plus years when hooked up to V-8 Mopar powerplants. There is little doubt that some of these automatics could be prone to failure, or at least need a thorough rebuild. Tom Hand shares his decades of experience rebuilding TorqueFlite transmissions with chapters dedicated to troubleshooting, disassembly and reassembly, performance modifications, post-installation procedures, and the most thorough source guide offered in print, ever. The author walks you through the TorqueFlite rebuild with color photos showcasing step-by-step procedures with highly detailed, easy-to-follow text. This book will keep money in your pocket and add experience to your résumé, but more important, it will help you get your Mopar back on the road! p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Arial}
